Former Sex Kitten Donna Rice: "Do as I say, not as I do"

There are none so virtuous as reformed sinners, to paraphrase an old adage, and Donna Rice Hughes, well established today as a leading crusader against pornography and indecency in cyberspace, certainly fits that description to a "t."

Few will forget that Ms. Hughes, who was known internationally as simply Donna Rice in 1988, wound up in the middle of a sex scandal as the bed-mate of married Presidential candidate Gary Hart of Colorado and was instrumental in scuttling his bid for high office. Photos of Donna, clad only in a bikini, sitting on the lap of hapless Gary, were seen all over the world.

Today, Ms. Hughes and her present partner Dee Jepsen (a different kind of "bed-mate"), are rabidly leading the pack of porno-on-the-Internet stalkers, determined to put an end to adult material on computer networks. Their grass roots group is called "Enough Is Enough" and the two ladies were the first to march into congressional hearings with graphic displays of violent, hardcore pornography which they claim they had plucked off the Internet. The two women were instrumental in overcoming inertia among Senate Republican leaders who were reluctant to start messing around with yet another attack on the First Amendment to the Constitution. They plied the Senators with images of bondage, bestiality and pedophilia which they claim are available to everyone, including children, on the Internet.

"A lot of people assume we are talking about pictures from Hustler or Penthouse," said Ms. Hughes in a recent New York Times article. "What we're really talking about here would make all that look like Donald Duck." What they're trying to do, says Ms. Hughes, is to bring together the two feuding wings of the conservative movement: morality-based groups like the Christian Coalition that want even tougher rules, and free market advocates like House Speaker Newt Gingrich who opposes government restrictions on cyberspace.

Hughes and Jepsen were instrumental in drumming up support for a bill that passed the Senate last June to impose jail terms and heavy penalties on people who knowingly transmit material that is deemed "obscene, lewd, lascivious, filthy or indecent."

Senator James Exon defends the "Enough-ers" (he was the sponsor of a provision in the telecommunications bill that would impose jail terms and heavy fines on people who transmit porn over the computer networks or who make "patently offensive" descriptions of sexual activity or excretion, available to people under the age of 18).

Exon says that Hughes and Jepsen are our best hope to avoid an all-out blitz by the Religious Right because they are attempting to work within the Constitution to produce a federal bill that would curb porn "knowingly" transmitted over the Internet. They argue that on-line services should not be held liable if they are merely conduits for material produced by others without their knowledge, whereas the Christian Coalition and others argue that anyone allowing adult material on-line should be held as accountable as those producing the "offensive" material.

We all know that the time will come when some form of policing of the networks will be mandated, but Adult PC Guide is adamantly opposed to any rulings which in any way compromises the First Amendment. We are confident that, very soon, producers of adult material will devise a way to effectively prohibit access to adult material on a computer to all except those adults who wish to access it.

FROM THE PUBLISHER

The publisher of Adult PC Guide fully supports all responsible efforts to prevent minors from accessing, viewing or otherwise coming into contact with adult material on the Internet. Likewise, we are adamantly opposed to the efforts of anyone to use the Internet in an effort to contact and exploit minors, through personal contact, by correspondence or by the exchange of any information, visual or otherwise regarding minors on the Internet. Hopefully, lawful methods will be found in the very near future to prevent access to all adult material on the Internet by minors, and that all information on the Internet attempting to exploit minors in any way will be removed and those responsible for this prosecuted to the full extent of the law.

In full support of the First Amendment to the Constitution of the United States, we believe that adults should have full freedom and the option to access, possess and view or otherwise enjoy material of whatever nature, according to their own tastes and conscience.

Adult PC Guide does not, and will not allow any material concerning minors to be published in this magazine, nor will we ever knowingly publish anything that might enable anyone, adult or minor, to access or otherwise possess material of this nature.

leave us Mac users out in the cold a little bit. How about next issue you give us a little more information.

—Mac User, e-mail

Dear Mac User,

It was not our intention to leave Mac users out in the cold. We want to include as much information as we can on adult entertainment, regardless of the format. Quite honestly, we do the majority of our work on PC's and don't have a real Mac expert. Anyone interested in some freelance work? Send writing samples to 14411 Commerce Way, Suite 420, Miami Lakes, FL 33016.

Dear Warped,

Your statements are critical but after reading them in the context of the section we found them to be fair. While we endeavor to be objective we also will not pull punches when it comes to telling it like it is. If you reread the information about OS/2 Warp (supplied) we think you can see that the statements are applicable to the product's place in the market and that overall this is a balanced report. The statement "a bit to late" refers to OS/2 Warp's arrival on a market dominated by the very well established and standard setting Windows. As for the "enough steam" comment, we think you might have misunderstood. The writer was trying to say that OS/2 is a good product but it's hard to gain momentum on the market when you're not one of the first products out there. By the way, we'd also like to know what source you used to determine sales numbers for OS/2?

Sex Times A Year

DEAR APCG,

Bravo! on your Adult PC Guide. Volume 1, issue 1 was a good issue. The list of BBS's were very helpful. I am looking forward to the next issue. Could you please publish the dates of when the magazine will be available?

—Myron, New York

Dear Myron,

Adult PC Guide is a bi-monthly. The scheduled months for publication for 1996 are June, August, October and December. Not to confuse the issue, but actually the June issue of Adult PC Guide will be on newsstands March 19, 1996. The reason is that we work on a lead time. If you don't want to miss an issue you can subscribe by using the coupon located on page —. You will also be able to subscribe to Adult PC Guide On-Line. You'll get the same type of information as in the magazine but it will also include full-motion clips from CD-ROM's as well as areas for the other magazines published by Dugent, including Gent and Nugget. We'll let you know our new Internet address in a future issue.

Warp Factor

DEAR APCG,

Your magazine is an interesting and good idea. However, I do have to say that I am disappointed by the "Outlet" section of your magazine.

The author is obviously biased towards Windows 95 against OS/2 Warp. Admittedly, they both are great systems but objectivity is lost with statements like "IBM has delivered...but a bit too late." Too late for what? Warp has been out at least a year, while Win95 has only just been released. Or how about "...this 32 bit operating system can't get up enough steam to move on its own"? OS/2 has sold 10 million copies to date. What type of "steam" are you looking for?

I would have liked to have seen a comparison based on each internet access tool's sales. I use Warp regularly for this sole reason. I can FTP several files from a server at the same time while perusing Usenet groups or mail or anything else. Maybe Win95 can do this, I don't know. This article sure didn't tell me. It only showed a clear bias against.

If you intend to continue this type of editorialization I am afraid that I cannot justify \$4.99 again.

Thanks for listening.

—Warp user, e-mail

Near-Sited

Dear APCG,

I like the idea of your magazine and bought it. Unfortunately, of the 10 Web sites you had listed in your magazine, only one or two were addresses I could connect to.

Thanks a lot for wasting my time and money. A buyer no more.

—Tom, Florida

Dear Tom,

We are extremely interested in your feedback. We apologize for the fact that you couldn't connect to some of the sites we listed, but as you may be aware, internet sites and BBS' are born and die on a regular basis. The hot spots of today may cool within days of being established. That doesn't mean that they didn't

exist or can't be accessed. Even computer magazines that publish on a monthly basis are bound to feature sites that are no longer around or are not popular anymore. You can imagine how hard it is for a bi-monthly to be current! You found two good sites out of 10. Those are two sites you may not have encountered had you not picked up Adult PC Guide.

Add Some Spice!

DEAR APCG,

I just picked up a copy of the premier issue of Adult PC Guide. I enjoyed the articles and the guides to sites and BBS were very helpful. My opinion for future issues would be to include more adult natured photos ie. *Penthouse Hard Drive* (or whoever makes that magazine!), but keeping away from hardcore of course. But since the magazine is to be sold to adults anyway, some nudity sure couldn't hurt!

—Robert, Maryland

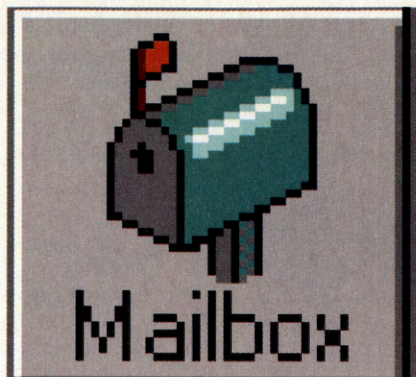

Dear Robert,

First off, let us clarify that it is *Hustler*, not *Penthouse*, that produces *Hard Drive* magazine. Interestingly enough, this magazine just made a small but significant change in its name. What was once *Hustler Hard Drive* magazine is now simply *Hard Drive*. The folks at *Hard Drive* dropped the *Hustler* name, along with most of its hardcore sex because, according to executive editor Michelle Marks, "we decided a computer magazine belongs in the computer section."

And in order to get rack space in the computer section, *Hard Drive* and *Adult PC Guide* have to walk a very fine line when it comes to explicit photos.

Although we have never featured explicit photos, we have encountered problems by simply having the word

"Adult" in our title. Distributors see that word on a magazine and automatically lump it into the adult racks without bothering to see that it refers to the industry and not the photos.

The bottom line is that *Adult PC Guide* and *Hard Drive* happen to be computer magazines that focus on the adult entertainment facet of the computer market.

STAY TUNED OR APCG ON-LINE

DEAR APCG,

Are you going to go on-line anytime soon? Just Curious,
—e-mail

Dear Curious,
Yes, *Adult PC*

Guide On-Line should be up and running by early 1996. Dugent has a URL listing now that is currently being expanded to include *Adult PC Guide* in an interactive format. You will be able to get all of the information found in the magazine as well as CD-ROM clips and a marketplace. There will be links to other adult sites and other Dugent publications, such as *Gent* and *Nugget* which will have their own areas where you can check out pictures, chat rooms and personals. We are very excited about this latest endeavor and we hope you will check it out. We'll let you know about our new URL listing real soon.

If you have a question or suggestion about *Adult PC Guide*, you can direct e-mail to dugent@shadow.net or you can write to APCG at 14411 Commerce Way, Suite 420, Miami Lakes, FL 33016. The Dugent Publishing Corp. URL is <http://www.shadow.net/~dugent>

Surfing Positions Available

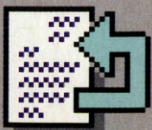

If you have a (key)board and you want to get paid to do something you may be doing for fun anyway, we may have a part-time job for you. The *Adult PC Guide* is looking for skilled surfers who want to explore the Internet and let others find out where the best adult spots are. If you have experience with the Internet, BBS' or CD-ROMs send a few writing samples and a resume to *Adult PC Guide*, 14411 Commerce Way, Suite 420, Miami Lakes, FL 33016.

ADULT PC GUIDE

35 CENTS

"All the news that's fit to print," is the well-known slogan of the *New York Times*. What isn't fit to print you can usually find in the supermarket tabloids. And some-where between the two extremes are the newsgroups of the Internet.

The newsgroups are the digitized version of the best and worst of both the Fourth Estate and it's illegitimate two-headed, alien offspring. Newsgroups bring all the news of the world to the computer user and break it down into very specific sections which allow the user to examine only the topics he or she chooses.

But unlike newspapers, which cringe at even the business-card ads for adult clubs, newsgroups aren't limited by political correctness or even taste. Along with newsgroups covering business, science, culture, technology, world economics and sports, there are also "alt.sex" listings that include sexual topics and fetishes ranging from alt.sex.anal (real listing) to alt.sex.fetish.zebra (listing made up to illustrate point).

There are almost 100 "alt.sex" listings, depending on which service you subscribe to. So, whether you're having trouble finding a particular perversion, or you're curious if alt.sex.fetish.jello will make you quiver with excitement or you just want to save yourself some time, here is a new department which we hope will bring you some sexual satisfaction or at the very least make you smile.

alt.sex

This is the grand-daddy of all alt.sex listings simply because it is the catch-all for anything that doesn't fall into any other category. This is usually the largest listing, ranging into the thousands, so be prepared for it to take longer to load. If you have a browser which allows you to take only the most recent listings, you may want to start small, say with the first 200!

Among all of the listings for .gifs

and jpegs of nude celebrities, free phone sex and censorship calls to arms, there are also occasional descriptive jewels which deserve special attention.

In a recent outing to newsgroups, some of the more interesting postings included: From the completely obvious files "Homosexuals are faggots," "NAMBLA (North America Man Boy Love Association) needs castration." Another area of interest in this listing involved language regarding having intercourse with a skull. You get the effect by plugging in your favorite

**A brief
romp
through
the alt.sex
news-
groups!**

hated target at the end of "alt.f—k.the.skull.of._____." Rush Limbaugh got the most mentions in these type of listings.

alt.sex.erotica.marketplace

Got a birthday, anniversary, or special occasion that requires a gift. Your one-stop shopping can be done here and the selection is a lot wider than you might expect. Along with rare issues of men's magazines, video collections and CD-ROMS, you can also find everything from lingerie to leather restraints.

One unique item that got a rise out of us was billed as the Man-T-Hose. That's right, to go along with the male bra (called "The Bro") that Kramer proposed on TV's *Seinfeld*, you can really feel like a man by donning a pair of nylons with a special pouch built right in to hold the family jewels!

alt.sex.fetish.jello

Don't expect imaginative sexual uses for gelatin or even fantasy fiction about former Jello spokesman Bill Cosby. There were 16 listings in this newsgroup. After checking all 16, we couldn't find one mention of the ultimate dessert or new ways to use it. There may always be room for the real thing but this substitute will leave a bland taste in your mouth!

alt.sex.masturbation

The readers of this newsgroup may be the most proficient when it comes to manual manipulation of a keyboard. There are plenty of helpful listings in this newsgroup that are designed to give you a hand with America's true favorite pastime. If you're tired of the same old thing and are looking for some different strokes, may we suggest the postings on "cock shaving" and "condom masturbation."

But you just don't get a new form of solo entertainment that will keep you hitchhiking under the big top (A reference for masturbation from the files of George Carlin). You also get these pearls of wisdom: Did you know that shaving one's private parts (thanks Howard Stern) will make the penis look larger? That is, provided you have a penis to begin with and you happen to be standing under a magnifying glass. While most men would probably cringe at the thought of having a razor that close to their manhood John Wayne Bobbit's infamous misfortune comes to mind we guess there are those who enjoy life on the edge.

alt.sex.oral

If you move your lips when you read, then this newsgroup will bring a smile to your face. There are plenty of listing about swallowing and other oral adventures for men and women who are big mouths. One interesting listing we found was "How to give cunnalingus." Can you give something you can't spell?

JANINE

Virtual Vixen

She is the face that launched a thousand videos. Okay, not a thousand (yet!), but it is fair to say that if Vivid Interactive wants a CD-ROM title to sell, they put Janine on the cover.

This blonde bi-sexual babe is the hottest name in adult entertainment no matter what format you're talking and regardless of the fact that she only performs on camera with women.

Janine, 27, got her start by posing in *Penthouse* at 18. From there she graduated to adult videos and has taken her career into the future thanks to Vivid Interactive's reworking of her existing titles into CD-ROM.

When she isn't in front of some kind of camera, Janine is on the road performing in clubs with her busty blonde partner Julia Ann in their act, *Blondage*.

The following interview was taken, with permission, from the Vivid Interactive web site (www.vividweb.com).

Q: How did you get into the adult movie industry?

JANINE: After my *Penthouse* layout, I did some videos for the photographer who later called me to make *Hidden Obsessions* which was my first movie, then I moved permanently to Vivid.

Q: What do you enjoy most about making movies?

JANINE: I get to have sex with many more women than I would meet on my own. It increases my popularity so more people come to see me when I tour.

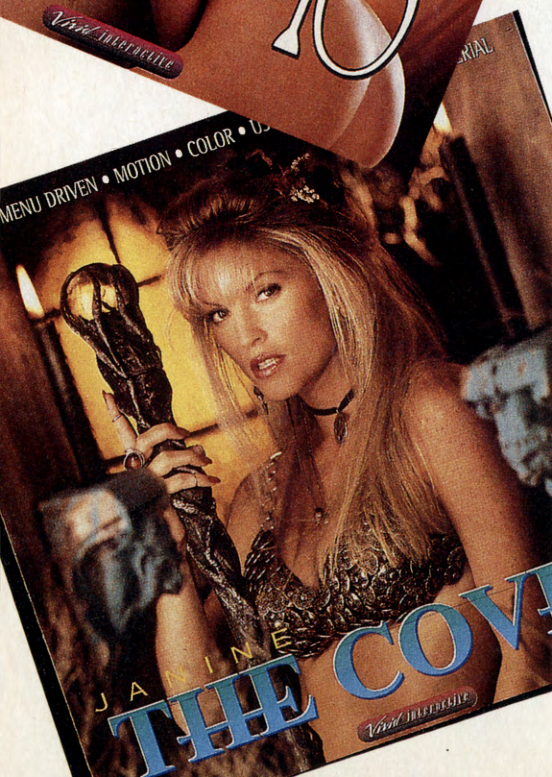

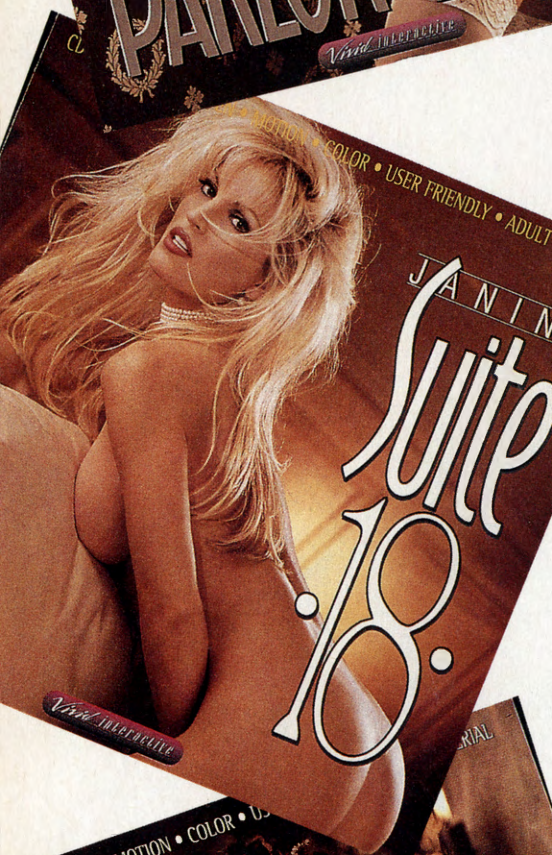

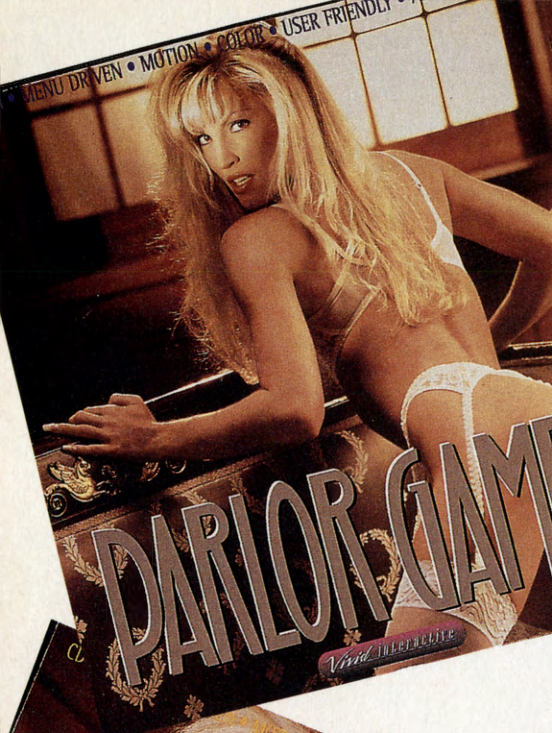

Q: What do you do to maintain your beautiful body?

JANINE: I dance every day with my partner in *Blondage*.

Q: Who would you most like to work with on camera?

JANINE: I've worked with just about every woman and enjoyed them all.

Q: Who is your favorite adult film director and why?

Paul Thomas or Bud Lee because they care about their work and the actresses.

Q: What is your secret fantasy?

JANINE: Spending a week on a deserted island with a beautiful woman who is my slave.

Q: Are you married or do you currently have a lover?

JANINE: Yes, I am married but we don't discuss my career.

Q: What sexual positions do you find most enjoyable?

JANINE: I like to be on top in any position.

Q: Who make better lovers men or women?

JANINE: I like men and women equally.

Q: What do you do in your spare time?

JANINE: Dance, go to the beach, get together with friends and shop.

Q: What are your ambitions?

JANINE: To eventually get a degree to teach.

Q: What is your ethnic background?

JANINE: Let's see. I'm Dutch, German, French and Native American.

Q: What is your favorite food?

JANINE: That's easy sushi and birthday cake. I can eat them both every day!

Q: What's your favorite perfume?

JANINE: I like Gardenia scented oils from the local drugstores they remind me of my mom and besides, I'm not really into fancy designer perfumes.

Q: Do you smoke?

JANINE: No, never have and never will. **Q:** What kind of alcohol do you drink?

JANINE: I only drink occasionally, and it's always a concoction made up by me and my partner, Julia, called "Lemon Drops." I usually only drink this before I go on stage as it is a little intimidating dancing nude in front of a bunch of men, but I never drink at home.

Q: Do you smoke pot or take any other drugs?

JANINE: No, it would make me fat and lazy which is something I don't enjoy feeling and I need my energy for my work.

Q: Have you ever had a problem with drugs?

JANINE: No, I like being me and have no desire to escape.

Q: Do you exercise regularly? Alone or with a trainer?

JANINE: I work out every day and my dance routine is quite strenuous. I used to have a trainer but I felt too thin during the time he was training me because he had me cutting out all fat and reduced my body fat so low that I always felt weak. I prefer to eat what I want and exercise it off.

Q: Do you have any pets?

JANINE: I used to have a tarantula, who I did a photo spread with for my second *Penthouse* layout, but he escaped! I love cats but I

I always choose the women I work with so it's

am allergic so I'm hoping to get a big dog soon.

Q: What is your education level?

JANINE: I finished high school and plan to go to college after I retire from movie making. When I was eighteen I had four colleges offer me softball scholarships.

Q: Why did you come to Hollywood?

JANINE: I got offers to be in movies after my *Penthouse* centerfold came out and it sounded interesting, besides every little girl wants to be a star!

Q: How old were you when you came here?

JANINE: I was eighteen when I first posed nude which was at a studio in Hollywood, and everything followed pretty quick after that.

Q: What did you do prior to starting in adult films?

JANINE: I had many jobs from working in a pizza parlor to candy gram stripper for little money. I started by doing a centerfold for *Penthouse* which led to offers to do other magazines with various

combination layouts; boy/girl, girl/girl and other and then Julia and I developed our dance routine and took it on the road. Once we realized we could make big money doing that, that is what we did until we got into movies.

Q: How did you get started in adult films/dancing?

JANINE: I was doing candy gram stripping at bachelor parties and the photographer I shot for at *Penthouse* called me up and said he'd heard what I was doing. He told me that I was crazy and that now that I was a centerfold, I could make lots of money dancing in clubs as a feature act. I was naive and didn't know what was out there. I also did a few videos for *Penthouse's* director Andrew Blake who was then doing an X-rated movie. He offered me a part, but I refused. He convinced me it would be harmless, then, when I came on the set and saw how

positions. It's wild. I get to do what I want. I enjoy being watched that turns me on. I feel in control and love the affection.

Q: On camera what kind of sex do you prefer?

JANINE: With Julia, I always like to be the dominant one, but it depends on who I am working with.

Q: What about off-camera?

JANINE: Well, I have two special partners and sex with them is great! I love giving head to men. I

always somebody that I am attracted to and want to have sex with.

much fun it was, I agreed to do it. I really enjoyed myself and when the movie came out, Steve, from Vivid called me and offered me a contract.

Q: Tell us about your first on-camera sexual experience were you nervous or excited?

JANINE: I was pretty nervous. The movie was *Hidden Obsessions*. It was with Kim Wilde who was really sexy and really into it. We had a great time. She made me feel comfortable and taught me a lot but I think it pretty much came naturally to me. I had witnessed them filming a scene earlier with a guy and girl so I was pretty hot and ready when she took me into her arms.

Q: Do you enjoy performing sex on camera?

JANINE: Yes, I really do because I get to do things that I normally don't do. And, I always choose the women I work with so it's always somebody that I am attracted to and want to have sex with. I think I even like it more than I do off-camera. Also, I like trying new

thrive on it. I get messy and sweaty and love it. And seeing as I don't do it on screen, I have to make up for it in real life.

Q: Are your on-camera orgasms real, or are they just for the camera?

JANINE: I have had some little ones for the camera, but usually I have to finish myself off after the scene is shot, or whoever I am working with will sneak off with me and we finish together. During shooting, the director is always yelling "cut" to get a shot and it is hard to maintain enough rhythm to have an orgasm. I recently had a very strong 'real' orgasm in the scene I shot with a new girl, for Ed Power's new amateur line with Vivid and you can tell it is real because my toes curl and I get this look on my face.

Q: Is there anyone you wouldn't work with or haven't enjoyed working with?

JANINE: No. I only work with who I want to and I am pretty open to trying out new things and new people. Besides, I think the

women in the adult film industry are sweet and clean and maintain a higher standard of beauty. They are phenomenally beautiful women; very high caliber.

Q: Is there anything you wouldn't do?

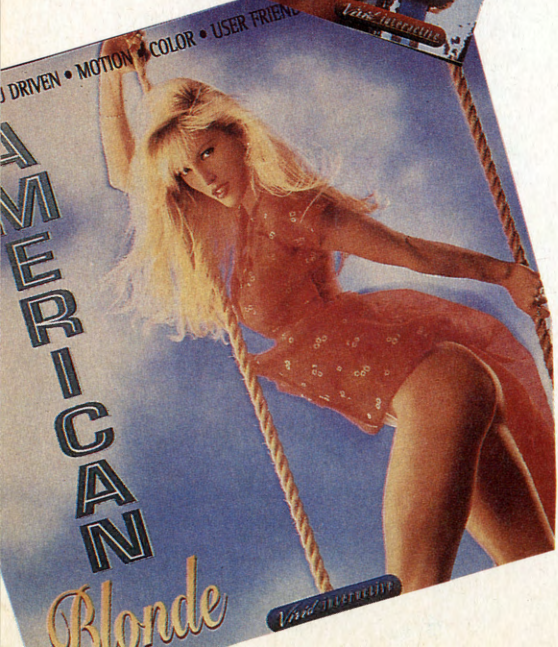

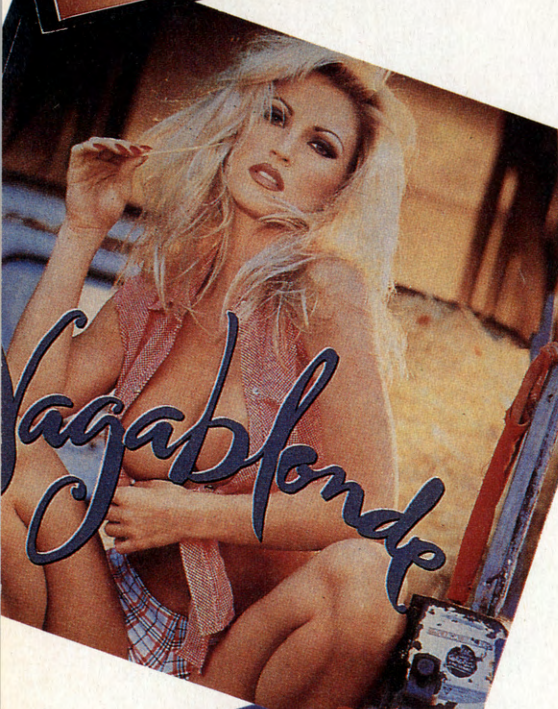

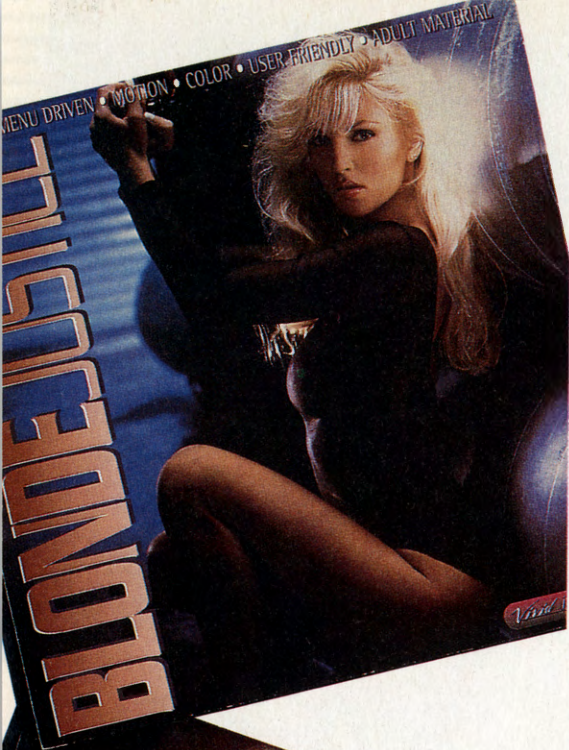

JANINE: Not really. I think I would try just about anything.

Q: What did you think the first time you saw yourself in nude photos?

JANINE: I loved it! I was thrilled with how they made me look because I never really thought I was pretty and here I was looking gorgeous, with people ogling me. I brought the magazine home and was jumping around the room.

Q: What did you think the first time you saw yourself on film performing sex?

JANINE: It excited me and made me want to jump on the next person who walked by. I still love watching myself perform sex on film; there is something so cool about it. I liked watching it and it turns me on to have people watching me.

Q: Which film you have done is your favorite?

JANINE: Each of my movies has something very special but I have to say I especially love *Oral Obsession* for Vivid. It was really hot and I like the way it turned out. I also got to give a lot of input in the scenes. I love to act and I feel I had the opportunity to do so in this movie.

Q: Which awards have you won?

JANINE: In Cannes, at the Hot D'or I won Best Actress for *Hidden Obsessions* which I didn't expect at all, but it really made me happy because I was unsure of my acting abilities. It made me feel this overwhelming approval and acceptance. I always wondered why the girls would always cry when accepting an award, but now I know. You feel like everything you are doing is so worth it. You feel appreciated by your peers and critics.

Q: Are you interested in pursuing

from all over the world. The attention is great, to be adored by so many people.

Q: Have you had any unpleasant experiences as an adult film star?

JANINE: No and I don't expect to. I've heard horror stories from other girls but I guess I am pampered at Vivid—having my say on what is in the movie and on the box cover. Sometimes the hours can be long, but I can't complain. I just had a face, breast and pussy mold done for a Janine doll that Doc Johnson will be releasing and that was uncomfortable, but hey, I got paid well. Sometimes the hours at public appearances can be long, especially when you have so many people wanting a piece of you. But it's all worth it in the end.

Q: What is your life like as an adult film star? Tell us about a typical day.

JANINE: When I am not working, I wake up early, eat breakfast, go to the beach, play some sports,

I love giving head to men. I thrive on it. And

an acting career?

JANINE: Yes, I've been told that I am a good actress and I have already been in three low budget general release movies: *Spring Fever USA*, *Moving Target* with Linda Blair and one other whose name I don't remember. I often get offered parts in big Hollywood movies such as *Ace Ventura* and *Mask* but I turn them down because I'm not ready yet to compete with the big stars. I guess I just think I'm not good enough. Besides, I really get homesick for my family when I travel for work so I don't pursue it much. I'm told I have a unique quality even though I usually feel like I'm a dime a dozen.

Q: What have been the high points of your adult film career?

JANINE: Just everything. It is really something I want to do. I love the sex with different partners. The money is great. It brings me freedom and allows me to do whatever I want. The traveling is exciting, and I get to meet people

hang out with my friends, ride motorcycles with the neighborhood kids, run errands, eat sushi and go to bed early. Unless I am working that week, in which case I prepare for work get my hair done, my nails, tone my body, get facials the usual. I don't really have much free time.

Q: Do you do anything to psyche yourself up before performing?

JANINE: Not before filming my scenes, because I really enjoy the acting and I love sex! I feel so lucky to have a job that I love. So many people are stuck working in jobs they hate; I feel so fortunate. Before going on stage I sometimes have a drink or two, but I don't really need it.

Q: What about winding down after a long day of filming?

JANINE: Oh, that's easy for me. I am naturally laid back. I just go home and sit in front of the television and watch whatever is on—to zone out.

Q: Has doing X-rated movies made you more daring?

JANINE: No, I've never really been daring and I don't see myself changing.

Q: Is there a particular style of clothing you prefer off camera? How do you usually dress?

JANINE: I always wear a baseball cap, and I'm usually in torn jeans and a T-shirt. I never wear makeup when not performing, yet I always seem to get recognized. It's strange...people really know who I am.

Q: Are you interested in fancy cars? Jewelry? Nice furnishings?

JANINE: I have very little jewelry, although I do like it. I never get a chance to buy any and I have a huge house that is barely furnished as I haven't had any time to buy household items.

Q: Do you consider yourself bisexual?

JANINE: Yes, completely.

Q: Off camera, do you prefer men or women as sexual partners and

who is the wildest woman I've ever been with. Then there is Kim Wilde, oh yes Alex Jordan for sure; she and I had a special chemistry which you can really see in our scenes. Lacy Rose is a pleasure to work with.

Q: How many sex partners have you had in your life? Not including the movies.

JANINE: Not that many, maybe ten or twelve. I am basically a monogamous type person.

Q: What about including work?

JANINE: Who knows? Many, and more to come.

Q: Tell us about your first off-camera sexual experience.

JANINE: It was my first boyfriend. I was fourteen; my parents weren't home and we were in my bedroom on my little twin bed beneath my little pink blanket. He was fifteen. We had just finished playing our respective baseball games and we met at a pizza parlor. We were petting and one thing

because Julia told me she had the same experience but with a bathtub faucet. My first time having an orgasm with another person was with my current boyfriend. I guess it was about six years ago.

Q: What kind of men are you attracted to?

JANINE: Physically, I like long hair, musician types. Emotionally, a sense of humor is necessary. I insist on kindness and I like gentlemen.

Q: What kind of men are attracted to you?

JANINE: I don't know I guess different types. Sometimes I hear men think I am a man hater because I only work with women on film, but the truth is that it is because I love one particular man and don't want to hurt him. I love men! I love everything about them. I couldn't live without them.

Q: What about women?

JANINE: I have to be able to have fun with them and they should be

seeing as I don't do it on screen, I have to make up for it in real life.

why?

JANINE: As I said before, I love men and women equally but as I have a special man in my life, I prefer not to have sex with any other men, on camera, or off. As women go, I like all kinds of women but I am especially attracted to Julia, with whom I have a steady relationship. Occasionally we bring other women in, which is always fun. And, of course, I work with other women on-camera.

Q: Was your first experience with a woman for the camera?

JANINE: No, it was with Julia shortly after we met at a beach bonfire. She was wearing a skimpy little bathing suit and bouncing around. I couldn't take my eyes off of her, thinking she had a lot of nerve prancing around like that. We ended up in bed that night and it just came naturally. I was nineteen.

Q: On camera, do you prefer men or women?

JANINE: I love working with Asia Carrera, Julia, Debi Diamond

led to another and I remember wondering is this sex? I didn't really know what was happening. It hurt, and ripped my hymen in a weird way so that it left me with half a hymen permanently. I must have enjoyed it though because I kept on doing it. But that wasn't my first orgasm. I had that when I was much younger and it was with a shower massage. I didn't understand what was happening, what the convulsions were and I thought I was causing damage to my body, so every time I did it I kept saying to myself, okay this is the last time. It's funny

we dance together and occasionally act in movies together.

Q: What is your off-camera sex life like?

JANINE: It's great. I can't get enough and I am never without it.

Q: Does making adult movies affect your relationships?

JANINE: Not really. I don't talk about it with my boyfriend. Julia doesn't mind, she makes them too, without me.

colored lighting. We also have a strobe going during the sex scenes. Julia and I dance and hump the poles, and rub on each other. It has a magic show type of precision. We do three songs the first one is just a tease, very little comes off. The second song finds us stripping down to g-strings and during the third song we are totally nude and making contact with the audience. The audience loves it; they pump us up with their energy and it gets us going more and they usually throw big bills like 20's up on the stage. We try to be sexy, sensuous and erotic and still have a good time. It is very classy and we get a lot of people telling us they didn't expect it to be so professional.

Q: Were you professional dancers before?

JANINE: No, we never danced. I never even danced in high school, never attended a dance.

Q: Tell us about meeting your fans.

JANINE: After the show, we sit

as fit as I am. Looks aren't too important because someone becomes attractive when you get to know them, but the initial attraction is to someone healthy looking.

Q: You said earlier that you now have a boyfriend?

JANINE: Yes, for seven years now.

Q: What does he do?

JANINE: He works construction and he is also a musician.

Q: What about a girlfriend?

JANINE: Yes, Julia, for six years now, but my boyfriend doesn't really know what kind of relationship she and I have.

Q: How do they feel about your career?

JANINE: My boyfriend hates it, of course. He doesn't want to hear about it but he accepts it as it is a part of me. For him, I've agreed not to perform with men on film and even offered him the opportunity to perform with me, which he is considering. As for Julia, she is part of my career;

Q: What about the actual performance does it excite or disgust your boyfriend?

JANINE: He's never seen me dance nor has he seen any of my movies. He refuses to. We met while I was working in a pizza parlor and he wants me to be that little pizza maker forever.

Q: Do you think about them (your lovers), while performing, or do you just block them out?

JANINE: No, I always like to think about my lovers while performing. They turn me on and it makes my work more fun.

Q: What hobbies do you have? How do you fill your spare time?

JANINE: I read, go to the beach, watch television. I love to clean house; I love to scrub things. It relaxes me. Going to the beach is getting tougher as I get recognized more often.

Q: Do you go on dance tours as an exotic dancer?

JANINE: Yes, I've been told my show is like a Vegas act. It's called "Blondage" and we use smoke and

in the lobby and sign autographs and sell T-shirts and meet our fans. We love to do this as the fans are always wonderful and encouraging. I also love making public appearances where fans come to meet us and we get to know them. We have some fans who follow us around and have become friends.

Q: Any scary times with fans? Have you ever been stalked?

JANINE: No, we have body guards so when someone gets too friendly they are stopped pretty quickly. Once someone jumped up on stage because he just wanted to hug us. It scared us at first but he seemed harmless enough so we ended up dancing that number with him. It was fun. Another time somebody wanted to take a picture of me when I was at the beach and I asked him not to because I was with my family. He persisted and was getting too rough, which was scary. Finally he left. I also get a lot of questions when people see me on the street and that some-

times gets tiring when you're not in a mood to talk. I have bad days too.

Q: What about any rewarding times?

JANINE: Every time is rewarding. I love people, so it is really exciting to meet people from all over the world. It's all very glamorous and exciting. I always try to answer my fan mail because I appreciate the fact that these people have taken the time to write.

Q: Do you often get propositioned on the road?

JANINE: Sure I have. Everyone thinks you're for sale when they can see the goods, but I discourage them immediately and they're always okay with that. A lot of men want me to sleep with their wives and I tell them I am flattered but I am faithful to my current lovers.

Q: Have you ever dated anyone famous?

JANINE: No, I don't care about fame. I am friends with Vince Neil

ing, fun-loving, simple and easy to be with. I think with my heart and not my head and therefore I often make wrong decisions. I am always trying to make people happy. I am a good person. I don't like to take life too seriously. I just try and have a good time.

Q: Will you openly discuss your career in public?

JANINE: Yes, I do. As a matter of fact I had a big party a few weeks ago at my house and I had many family members there as well as the family of my boyfriend. Everyone kept commenting on how well he has done to afford such luxury and I said, "Wait a minute. I'm an 'adult' star. I bought all of this!" Then of course everyone wanted to know what it was like to be an adult star and exactly what it is I do. So I told them all of the details. It was fun seeing the looks on the faces of these little old ladies. I think they would have done it too, if they could have, after I was through

bunny party in my sweats and baseball hat and I didn't care what people thought I looked like. I just wanted to have fun.

Q: Who do you admire and why?

JANINE: I admire strong women who get what they want and don't take any crap from men. I like women who speak their minds. I hate to see people being forced into things they don't want to do.

Q: What are your goals and aspirations?

JANINE: I plan to retire from this eventually—before they kick me out—and go back to school to get a teaching degree.

Q: Tell us something about yourself that people would be surprised or shocked to learn?

JANINE: I guess just that I am twenty-six years old and I am really just a simple homebody with plans to raise a family and teach. I am not glamorous at all and I get along with everybody.

of Motley Crue and a few other stars, but they're just people to me. Vince got a hold of me after seeing my work in Penthouse and he gave me a part in his music video and we remained friends.

Q: Have you ever dated any other adult movie stars?

JANINE: No, just Julia, who became a star after we met.

Q: What are your relationships within the business like? Who are your friends with?

JANINE: Aside from Julia, I am pretty much a loner in the business. I think it is better to remain on professional terms, but I get along with everybody and when I see them at award shows we always have a great time.

Q: Have you had any plastic surgery?

JANINE: Yes, I had my breasts enlarged to enhance my body. Hasn't everybody?

Q: How would you describe yourself as a person?

JANINE: I am open, loving, car-

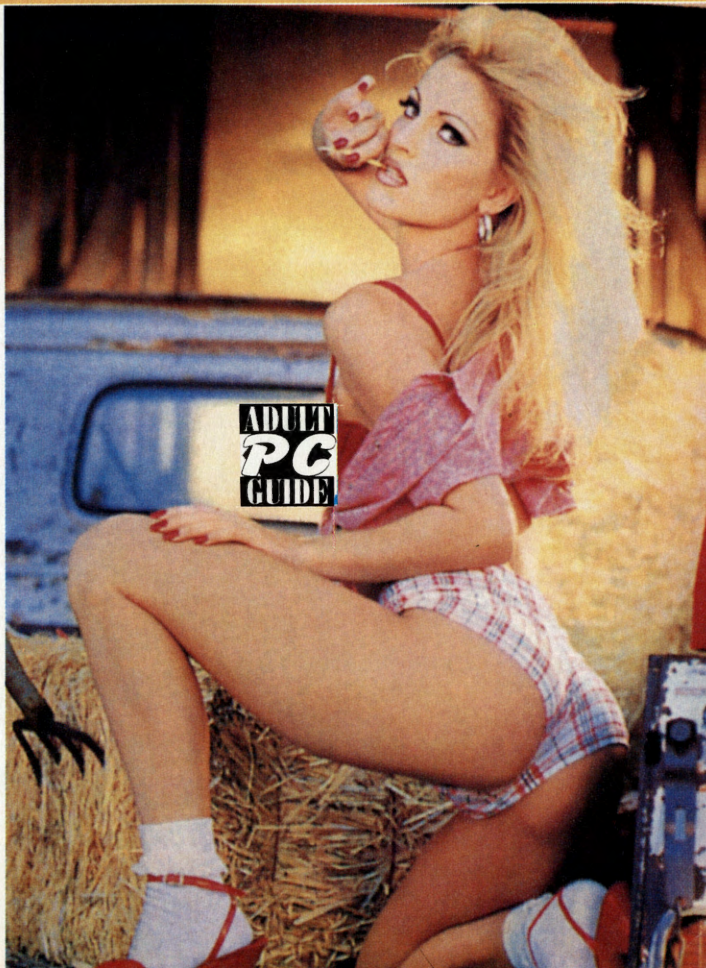

explaining it. They may have had some pre-conceived ideas but I told them I am a working woman, a human being, not a crazed sex maniac.

Q: Are you ever amazed at your success and fame?

JANINE: Yes. I can't believe people adore me for just being me. What a way to make a living!

Q: How do you want to be perceived?

JANINE: Just as I am no pretenses. I am a California girl with lots of love for everyone. I want to be liked and appreciated for who I am, not what I look like. I went to a Playboy

VIRTUAL VALERIE

Not since Roger Rabbit's main squeeze Jessica uttered the immortal words "I'm not bad, I'm just drawn that way," has there been an animated female with more spunk and sex appeal.

That was, not until Virtual Valerie.

If you don't know Virtual Valerie then it's time to put down that stone tablet and chisel and move into the era of the CD-ROM.

Virtual Valerie is a blonde, big-breasted, biker babe who's sole purpose is to bring pleasure to millions of men, albeit in a 3-D cyberworld.

She has been hailed as the "queen of cybererotica," an "icon of adult interactive entertainment" and referred to by the folks who know her well as a "bitchin' barbie."

Virtual Valerie is the creation of Mike Saenz, former Marvel Comics illustrator and considered by most to be the founding father of the adult CD-ROM. Saenz originally developed Valerie for use on Macintosh computers but recently brought his cyberbabe to the PC realm.

And how does Saenz describe his curvaceous creation?

"Sassy, smart and kinky. She's not a real woman, but her programming makes her vastly more engaging than video vixens and pin-up queens," Saenz told *Interactive Quarterly* magazine.

No matter which format this sexually charged female can be found, one word that follows her, as well as Saenz, is success.

While some may have thought the success of the original Virtual Valerie was partly due to her novelty on an uncharted market, Valerie's second coming, ahem, has been even more remarkable.

The first pressing of VV2 was set at 30,000 copies and a second press run is already being planned.

With Mr. Saenz's permission, we

thought it would be fun to hold a virtual interview with this fictitious female.

The answers to the questions are based on a composite created from the material found in *Virtual Valerie 2* (please see review on pages 18-19).

1.

APCG: We are honored that you took the time out of your busy schedule to answer a few questions for our readers. How should we address you? As the queen of cybererotica or just your royal iconess?

VALERIE: Don't be silly. Just call be Valerie.

2.

APCG: How does it feel to be back in the public eye again?

VALERIE: I actually missed it. You know how I love attention.

3.

APCG: Were you concerned at all that the sequel to Virtual Valerie wouldn't be as successful as the original.

VALERIE: Not really. I knew Mike wouldn't put my career in jeopardy and besides, this CD is for a whole different audience, most of whom aren't that familiar with me.

4.

APCG: How have you changed from the first CD to this current project.

VALERIE: If you mean physically, I do have a few more curves thanks to my three dimensional figure. If you are talking personality changes then I'd have to say that I'm a little less inhibited than I used to be.

5.

APCG: Why did you choose a motorcycle as your mode of transportation?

VALERIE: For the same reason most women like bikes, it feels great between my legs!

6.

APCG: Which would you rather ride, your motorcycle or that machine with the three pumping pistons that we see you on in the first level?

VALERIE: What do you think? I ride both of them for pleasure, but I get

more satisfaction from the Solof—k.

7.

APCG: Great name. Who invented it?

VALERIE: I'm not really sure but it almost had to have been a woman.

8.

APCG: You look hot in your black outfit with the matching stockings, heels and gloves. Are you into the scene at all?

VALERIE: Not really, but I am curious about those things. I wouldn't mind doing a CD with a fetish feel.

9.

APCG: You let thousands of guys and girls live out there fantasies through you, what is your fantasy?

VALERIE: I don't really have one. That's probably because it's just as much fun for me having all those men and women play with me as it is for them.

10.

APCG: Are you a gal's gal or a guy's gal?

VALERIE: I guess you'd have to say that I'm a guy's gal. I love sex and motorcycles and I'm really not into most of that girl stuff.

APCG: What about a sexual preference when it comes to a partner.

VALERIE: I really don't care what sex they are as long as I have a partner. [giggles] There are advantages with either

sex. Men are a lot more aggressive when it comes to handling me and I like that. On the other hand, I love the way women know how to touch me.

11.

APCG: What is your favorite position and why?

VALERIE: I love it from behind. I guess for the same reasons most women do, you just get a deeper feeling.

12.

APCG: What is your favorite part of Virtual Valerie 2?

VALERIE: I think it's obvious that I like it all. There are so many different things going on that it would be hard to choose one over the other. Besides, it kind of depends who's at the controls. Sometimes I get more out of one thing and other times it's something completely different.

13.

APCG: Do you have a favorite type of person that you like to have "at the controls."

VALERIE: I don't really care who it is as long as we both have a lot of fun and get to climax.

14.

APCG: We probably shouldn't ask this, but what did you think of our performance in Virtual Valerie 2?

VALERIE: To be honest, you started strong and were pushing my buttons, but you need to work on your self control. You left me "coma-toast" because you hit the climax button to early.

16.

APCG: What type of man do you like?

VALERIE: I love all men and I think I've proven that [giggles]. Just kidding. I know what you mean. I want a

Are you tired of saving the universe from devil-worshipping demons and angry aliens? Have you run out of ammunition and been eaten alive once to often?

If you are a weary cyberwarrior in search of some much needed R&R you may want to meet Virtual Valerie at the No Tell Motel for a night of incredible steamy sex!

Virtual Valerie rides again in this sequel to the adult CD-ROM that launched an industry and the best part is Val now goes both ways, PC and MAC.

You won't need any special weapons for this high-tech encounter, other than the sex shooter you were born with (that is if you are a man of course). And once you see what this busty, blonde in the black latex has in store for you, you will be cocked and ready to fire. Just make sure you don't pull the trigger too early.

Aside from the fetishy new outfit, Val also has a few more curves (thanks to a 3-D design) and a sultry new voice. She is also a lot less inhibited than in her first CD-ROM. The object of the first Virtual Valerie was to gain access to her penthouse apartment and try to seduce her. The new Valerie has a "come-and-get-it" attitude" and has taken her sexploits on the road to the No-Tell Motel. The object of VV2 is to rendezvous with Valerie and join her in progress as she tries to satisfy her sexual desires.

The game starts out inside the No-Tell Motel as you walk down a long corridor that empties into a foyer with three doors. Don't worry, Valerie is behind all three and has already started without you. All you have to do is select a door, join Valerie and help her reach orgasm. You'll find the blonde getting busy on top of her motorcycle in one room, while in the other she is riding a machine of a different nature that has three pumping pistons strategically located. Need we say more. There is also a bedroom for the more tradi-

16.

APCG: Describe an ideal romantic evening?

VALERIE: I've always had this thing for motel's. I go to the a motel and start to entertain myself. Then my lover joins me. We have a wild night of sex and he can't leave until he satisfies me.

17.

APCG: And what's in it for him?

VALERIE: An unbelievable night of sex. What more could he want?

18.

APCG: Good point. Before we go, do you have a favorite CD-ROM that occupies as much of your time as Virtual Valerie does for almost every-

one else.

VALERIE: Not really. It seems like I'm always on the move, so I don't really have time for much of anything else.

19.

APCG: Who is your favorite adult star? And who would you love to work with?

VALERIE: I don't really have a favorite adult star, but I know who I would like to work with, Janine. Wouldn't a Roger Rabbit type of adult film where the computer world and the real world come together be interesting?

20.

APCG: Any idea that brings two of the hottest blondes together in the same film or CD would get our vote for best picture. What is next for you?

VALERIE: You'd have to ask Mr. Saenz that question.

tional Val pals.

Of course, you do have a few sexual devices in your arsenal to aid in conquering Valerie. The first is a virtual glove that can be used to probe, stroke and caress any number of private areas on Val's cyberperson. The other device is a big "boner" that requires no explanation.

By manipulating the glove and boner and responding to Val's requests and suggestion you score points based on your performance and her satisfaction. If you do really well and are a master manipulator you can gain access

to Val's most private regions, her ass, and explore that area to your hearts content. However, if you fail to arouse Val, then you could find yourself out in the cold begging for another chance.

The design and production values are exquisite. The images are crisp and clear and the action flows like a calm river.

Virtual Valerie 2 may start out as a one-night stand at a cheap motel but it will certainly develop into a lifelong love affair after you play it once. All adult CD-ROM collections should start with a gal named Val.

SEX ON THE INTERNATIONAL INTERNET

If you think that the best adult material on the Internet is confined to the continental USA, think again. There's even hotter stuff available from overseas.

Article by Neil Elisa

Illustrations by Otis Sweat

Adult material on the internet is certainly not limited to the material available in the United States. As a matter of fact, it wasn't so long ago that some of the best XXX-rated sites on the Internet were located in Europe. Access was relatively easy and limited only by technology. Unfortunately, some of the European sites were not connected to state-of-the-art equipment or the best phone lines. This has changed dramatically because of pressure from Internet service providers who were soon overwhelmed with accesses, or "hits," and pressure from users in the United States.

Access to material as well as the content of some of the sites has changed recently too. This past summer's attempts by Sen. James Exon of Nebraska and Sen. Dan Coats of Indiana to regulate portions of the Net sent a message overseas. Providers of adult content in Europe are now taking more steps to keep the raunchiest material away from minors. Many of the sites are still there but they've erected "firewalls" to keep people out, either until they've paid a fee or proved that they are adults. Now, many sites require proof of age, either voice verification or copies of a driver's license, or payment for access, with the sites figuring that even a token payment via a credit card or digital cash would stop access by minors.

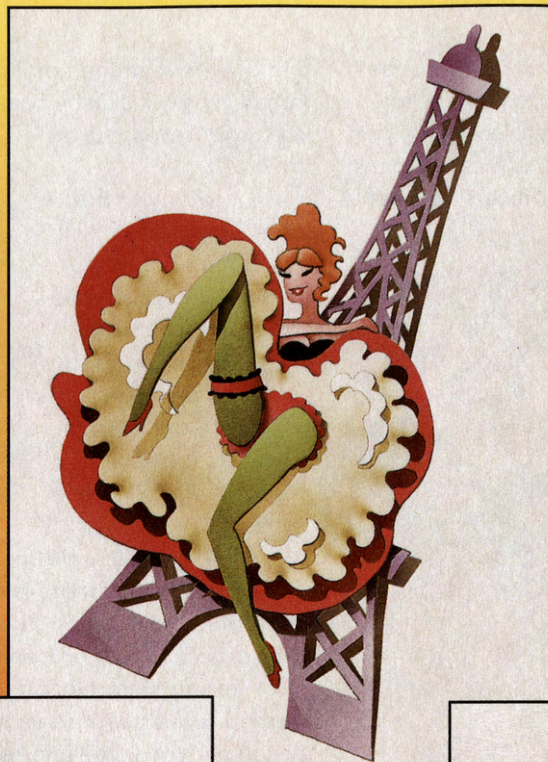

As for payment, many sites are asking for payments just so they can keep up with the

demand. Adult sites, as you know, are the most popular of all material on the Nets and to keep up with this kind of demand takes some serious and expensive hardware.

For example: the large site put up by Penthouse Magazine in the USA (<http://www.penthousemag.com>) regularly gets more than a million hits a day. Not many sites can keep up with that kind of traffic; indeed many of the sites now do not allow general access, or they attempt to keep themselves pretty well hidden.

Penthouse now offers both substantial free content and a "members only," area (for which they charge) which contains photos and material not seen in the printed magazine.

One of the best European sites for adult photos on the Net, the "Digital Pictures Archive on the 17th Floor" at Delft University in the Netherlands, finally closed last summer after being overwhelmed by its own success. "Looking back, the site was an amazing experience," says its operator. "Digital Pictures Archives was operational since 1991, first as an FTP site, then as a gopher and WWW site. It was one of the first and one of the busiest on the Internet. Over the past 12 months, I counted a total of 664,681 different persons visiting the archive (that was many tens of millions of visits). Regularly, there were as many as 10,000 different people per day."

"Eventually, the amount of traffic could not be supported by the network. Using an access restriction system, we could limit the amount of pictures downloaded to 15,000 per day. This site alone was responsible for over 95% of the traffic to Delft University. As of October, 1994, we had to stop the unrestricted access to the automatic picture feed from Usenet newsgroups. The x-rated material was attracting too many people, particularly from the UK and the USA. Even without the x-rated pictures, the traffic remained at some 3,000 people per day."

But, even with the demise of this particular site, there are still plenty of sites remaining on the European network, with more being added daily. You have to remember, though, that some sites disappear overnight, especially those at universities. This happens often when owners of

(<http://www.yahoo.com>) or Magellan (<http://www.mckinley.com>). Both are invaluable to finding larger resources on the Net.

Many of the more explicit sites, with exotic material which might be considered too raunchy or shocking to the average surfer, are outright hidden; for example, on an FTP site in the "religion/muslim/orthodox/" library there is some x-rated material. So, the best thing to do is turn to the Usenet newsgroups for tips and information. A few nicely worded requests for some of these addresses can net you some interesting sites, especially if you are willing to offer some of your own material to trade. But NOTE! Do *not* post requests for information or any other requests in "binary" newsgroups, such as "alt.sex.binaries.erotica." Such sites, and there are

dozens of them, are for posting photos and nothing else. If you violate that rule, expect to be "flamed" by users or even "mailbombed," where thousands of users will gang up and each send you dozens and dozens of E-mail messages until your service is shut off.

Often, posts in newsgroups are the first hints of the good sites, but act

fast before

they are swamped.

So, armed with the above background, here are some of the best sites overseas (at this writing) on the Net for adult content. Remember that most of these systems operate on UNIX servers, so the addresses are very case-sensitive. Type very carefully!

copyrighted material send the site's service provider a harsh letter saying either remove the photos or face a lawsuit. On college sites, the material tends to appear and then disappear very quickly. What generally happens is that a college kid will put up a whole collection of photos on a university computer server and then announce it to the world via a Usenet newsgroup or Web index. Then they sit back and watch as the entire university's server is first swamped and then overwhelmed with accesses.

If you can't find a site that interests you, you're not looking hard enough. Virtually everything is available on the Internet with nothing considered too wild or taboo. If you can think of it, chances are someone has already beaten you to the draw with something on the Internet. First, try an index such as Yahoo!

Following are the most current (at this writing) and interesting sites:

Erotica Online

<http://www.unms.com/top/eo.html>
Features lots of color photos in the typically available GIF and JPG format, plus some sexy stories and text files. Access is \$15 using First Virtual's payment system which is becoming common on the World Wide Web. For information of First Virtual's system, head to <http://www.fv.com>.

5th World

<http://www.euro.net/5thworld/>
Amsterdam's hottest site, home to Erotic City, the Pink Pages, World Wide Women and more. Often overwhelmed by access, it's easier to reach in the late evening in the USA. They are moving to a higher-access system.

ated and gorgeous blondes. Girls not only with an open mind towards sex, but also with soaking wet, wide spread and swollen pussy lips. Pornographic pictures that would give some senators in the USA a real hard-on."

The Red Light District

<http://fun2.fun.nl/>
<http://www.fun.nl/>
This is the only site in the world where you can take a peek at a live sex show in Amsterdam from the Casa Rosso club. It's a great idea, but remember you need a fast Internet connection (don't try with less than a 14,400 bps modem) and a toleration for grainy photos. There's also plenty of regular JPG photos, text files and even live chat to keep you occupied for hours. Access is 30 days for

also run by a university student.

Hisayoshi Osawa

<http://www.atom.co.jp/GALLERY/PICTURE/Osawa/index.html>
Amazingly high quality fetish photos involving dominant and submissive women in outlandish gear. More than 20 pages of photos, all high quality and no charge to view. One of the best sites on the Web, and free, but it helps to have a fast connection to the Net. This site often is slow, especially during daylight hours in the States. These black and white photos are all keepers.

Gothic Images

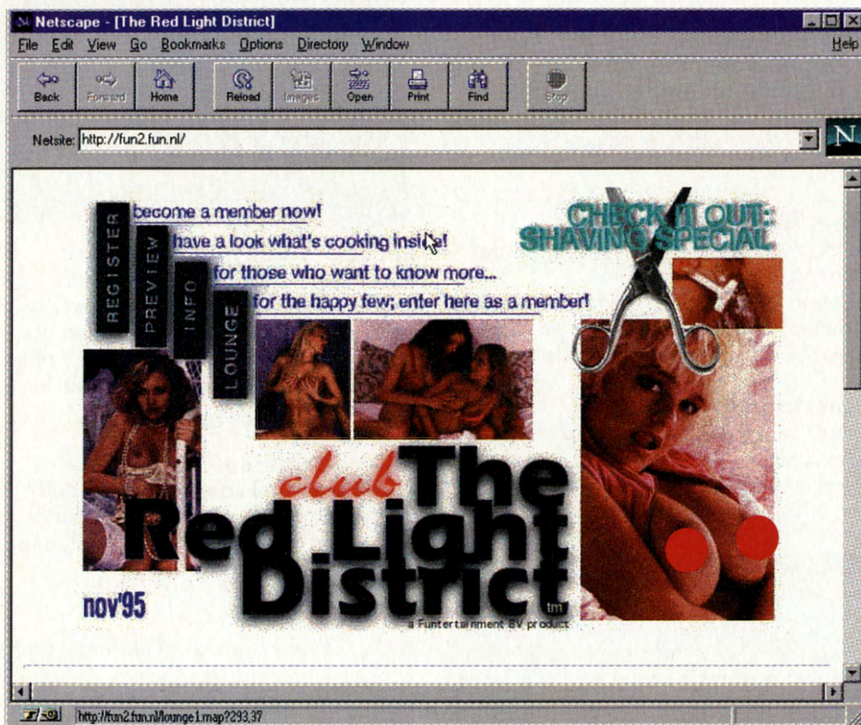

<http://www.cse.ogi.edu/~dhouse/Gothic/goth-images.html>
Some fetish and gore photos mixed in with the thousands available. Some are completely tasteless, so be warned. Lack of a good index means it will take some time to go through the content here. This is a university site, so often slow during peak times.

Asian Women

<http://www.nvg.unit.no/~cezton/asia.n.html>
Collection of Asian women in color photos, mostly topless, on this server in Norway. More explicit than often found on American or Japanese sites. Some are files that already have appeared in the Usenet newsgroup

Red Hot Amsterdam

<http://www.demon.co.uk/redhot/index3.html>
Amsterdam's self-proclaimed "hottest" adult sex club offers lots of photos, videos and other files. "If you're just looking for pictures of models, this is not the site for you." Cost varies depending on access sought. This access point is in England; once you join you are given a new Web address for members only.

Strong point is explicit photos, many more graphic than those found on American sites. Many sites require membership and a small fee, usually by credit card.

Swedish Erotica

http://pussy.bahnhof.se/Swedish_Erotica/
The opening screen says it all. "You are now entering a Swedish Sex Zone!" For \$5.99 paid via First Virtual, you get one week of access to the site. This online sex magazine contains nude pictures of luscious Swedish blondes doing just about everything. Extremely vivid and strong love scenes, pictures, video files, sexual stories and hot orgasm sounds. "Everything you've heard about Sweden is true!" the site promises. "A land full of sexually liber-

\$17.50; 90 days for \$49.50 or a year for \$180.

Club Carpe Diem

<http://130.89.222.58/Club.html>
Hundreds of photos and stories, indexed by topic. Click on the keyhole for access. For samples, the user name is CARPE, password is DIEM. Access is free; lasts about 15 minutes at a time to allow more people access. This is not a professional site, which explains the lack of fee, but with that comes slow access.

Slow Pulse Ullisse

<http://www.nada.kth.se/~d92-upe/>
Lots of photos, mostly supermodels and other women in various stages of undress. Links to other sites, too. Free, but not the fastest site in the world. It's

"alt.binaries.pictures.erotica.asian"

FemmeWorld

<http://sol.zynet.co.uk:8005/elektra/femme-world/>
Site dedicated to the Feminization of the world and the dominance of the female over the male. Very well produced site with lots of links to other places that follow the Fem-dom philosophy. Fee for some services.

Aphrodite's Pages

<http://sol.zynet.co.uk:8005/elektra/aphrodite/>
An ultra-feminine erotic site "by girls about girls," includes a chat room where women can meet and talk. Admission is \$1, four stamps or a pair of real 1950s nylons. Access to women is free.

Wildfire

<http://sol.zynet.co.uk:8005/wildfire/>
Site dedicated to the discipline of young women. Often slow during peak hours in the U.S. and the U.K.

The Home of UK BD/SM

<http://www.ccs.neu.edu/home/pallando/BDSM/>

Resource site of bondage/discipline and other fetish sites in the UK and elsewhere. Few photos here, but lots of good files, both erotic and common sense.

The Alternative Japan Web Page

<http://www.a6.com/>
Lots of photos and links are available from this site, mostly Asian women. Some related sites are fee-based.

Digital Glamour

<http://pictureplace.scsn.net/glamour/>
Morris Mims' Glamour site. "I have always wanted to publish my own 'Glamour' calendar but there has always been two stumbling blocks, money and more money," he says. "Now thanks to the Internet and the magic of web pages even I can afford it and it doesn't cost you anything to see it."

Welcome to Desire
<http://www.desire.co.uk/>
Web site sponsored by Desire, a British fetish publication specializing in couples. Lots of fetish photos and text files. Very professional site.

Interntional Sex Page

http://www.ics1.com/live_party/live_new.html

Sex site with heavy emphasis on getting users to call live for a per-minute charge. Nice opening photo makes a visit worthwhile but beware the overseas phone charges.

InterSex City

<http://zoom.lm.com/>
Dubbed the Internet's largest sex site. It's probably not, but still worth a visit to check on the offerings here, ranging from photos to products.

The Temple of Kate

<http://mastrangelo.polito.it/katemoss/>
Italy's archive of photos of supermodel Kate Moss in various stages of undress. Often a slow link, so be patient.

Nicki Lewis Home Page

<http://www.nicki.com/>
Home site of British adult star Nicki Lewis, who used the Internet to launch her worldwide career by posting nude photos of herself to Usenet newsgroups. Piercing fans will find some photos here, too.

The "MuffDiving" FAQ

<http://www.dsi.unimi.it/Users/aprile/Help/Muff.html>

All you ever wanted to know about the south-of-the-garter art is here courtesy of this site in Italy. It's from the Usenet.

Russian Liaisons

<http://www.austech.com.au/russian/index.html>

Find, meet and marry a Russian woman on this Austrian site.

Europe's Sexiest Calendar

<http://www.fagg.uni-lj.si/FUN/dish.htm>
Use this site as your monthly calendar and you'll be a happy man. Three gorgeous photos adorn each month's offering. Make sure you use the capital letters in the address.

Tokyo Topless

<http://www.bekkoame.or.jp/~adolf/>
Busty Asian women dominate this Web site based in Japan. Often slow during afternoon hours in the USA

Yahoo!

http://www.yahoo.com/Business_and_Economy/Companies/Sex/
Listing of sex-related companies on the World Wide Web on the famous Yahoo index. Changes frequently, but if you're looking for a large site, and one that probably charges a fee, this is the place to start.

Hajime Sorayama Pictures

<http://oekoalpha.pz-oekosys.uni-kiel.de/~kris/hajime/>
If you love the art of Olivia, you'll love these high-tech drawings of gorgeous women and female robots. His work is featured frequently in Playboy, Penthouse and other adult mags in the US. Includes some golden shower shots as well. Site is pretty slow, but you can download the whole collection of photos (four megs) in one hunk if you have the time. It's a TAR archive, so if you are not running Unix you need to use the newest WINZIP to decode it. Get it from <http://www.winzip.com>

This is far from the whole collection of Sorayama's work, but I doubt this is an authorized site.

Boris Vallejo

<http://oekoalpha.pz-oecosys.uni-kiel.de/~kris/boris/>

The famous artist's works involving gothic themes are here for the downloading, free, at least until his lawyers find an international law to prevent it. His work is widely available on the Internet.

The Sites Page

<http://rulj287.leidenuniv.nl/robert/sites.html>

A student has compiled this comprehensive list of sex sites.

Sin Inc.

<http://sin-inc.com/html/catalog.home.html>

Sites dedicated to high heels and boots. Nirvana for the foot fetishist.

Skin Two

<http://www.dungeon.com/~skintwo/>

This famous glossy fetish magazine has an equally stylish site on the World Wide Web. It features fetish photos and stories, especially coverage of its legendary fetish parties and fashion shows in the United Kingdom, New York and elsewhere. Has a "members only section" with more explicit adult content. Focus is on leather, rubber, PVC and heavy fetish clothing.

Red Hot Amsterdam
<http://www.demon.co.uk/redhot/index3.html>

Amsterdam's self-proclaimed "hottest" adult sex club offers lots of photos, videos and other files. "If you're just looking for pictures of models, this is not the site for you." Cost varies depending on access sought. This access point is in England; once you join you are given a new Web address for members only.

Fetish Street

<http://sparkie.riv.net/fetish/>

Nothing at this site was in English as of this writing, but this Swedish site is full of links and some photos. You don't need to read it to enjoy it.

Bisexual Home Page

<http://serf.org/~jon/soc.bi/>

Contains the archives of the soc.bi Usenet newsgroup, including the FAQ file. It's a discussion group for bisexuals all over the world. Some personals creep in here, too.

The Medical Equipment Home Page

<http://www.zynet.co.uk/mediquip/>

Using vanilla equipment for not-so vanilla sex is the topic for these pages, including lots of enema and catheter stuff.

MPEG Movie Archive

<http://w3.eeb.ele.tue.nl/mpeg/index.html>

Great, well-indexed site of MPEG movies and players for PCs and Macs. Contains R, X and XXX rated movie clips. It will help to have a fast connection as these files are huge. It's not unusual for a 20 second video clip to

take a megabyte of space.

The Sybian Home Page

<http://ee.tut.fi/~no104956/sybian/sybian.html>

Finland's instructions and demos of the Sybian, a mechanical dong a woman rides to ecstasy. Pretty graphic instructions and letters of support for the product, which features some attachments as well.

FTP Sites

FTP sites are the warehouses of the Internet. Generally you use an FTP program, which are widely available, to log in to these "FTP servers" and download files, stories and photos.

To use an FTP server, you log in as "anonymous" and give an E-mail address as the password. You're supposed to use your own, but... Give the complete address, for example "john-doe@aol.com"

You also can use your browser to collect files and photos from FTP servers. Instead of using "http:" as the prefix for an address, use "ftp," the Net abbreviation for "File Transfer Protocol."

For example, to log in to Microsoft's FTP server, using a browser, you would type "ftp://ftp.microsoft.com"

Some FTP sites to try:

It can be very difficult to tell what kind of home a house will be based solely on the foundation and a couple of completed rooms.

But, if you have a good blueprint, solid materials and a quality builder, the odds are pretty good that the finished product will be the envy of others in the neighborhood.

The same holds true for web sites and while VCA's site may still be under construction, there are strong indications that it will be worth cruising once it is finished.

VCA is a well-known name in adult entertainment, producing both straight and gay titles for video and CD-ROM formats. (The gay titles are marketed under the HIS Video and His Interactive labels.) Currently there are 14 CD-ROM titles under the VCA Interactive umbrella, including several interactive games and three gay titles.

The web site is divided into three areas: VCA Interactive, VCA Pictures and His Video. VCA Interactive covers all of the straight CD-ROM titles while VCA pictures focuses on the company's line of videos. If you are looking for the gay material, log into the HIS Video section. Here you will find both CD-ROM and video areas featuring gay titles.

However, before you can gain access to the main menu of the VCA site, you'll have to maneuver the usual legal hurdles and sign an electronic waiver that states that you are over 21. VCA also gives information on how to block the site from underage surfers.

Once past the watchdogs, adult viewers have free reign over the three main areas of VCA On-Line.

Each of the three areas offers several of the same sections. VCA

of the wildest web sites around!

Interactive, VCA Pictures and HIS Video each offer a product of the month, new release, catalog and fan club section.

The new release section gives you several CD-ROM covers that you can click on to get a brief synopsis and a list of minimum system requirements needed to play the title.

The CD of the month section follows the same idea but focuses on one title. The graphic is larger here but it also takes a few moments longer to load.

"Coming Soon" let's the browser know what VCA is working on next. This visit there was a hot photo touting the future release *Latex*, as well as two other future projects.

Obviously anyone coming to an adult site wants images of beautiful babes. You'll find them in the fan club section. There is a picture of each VCA contract girl (four in all) and by clicking on her name you can obtain her fan club address. Models listed included Juli Ashton, Shayla Laveaux, Sunset Thomas and Crystal Gold.

Other than the model's pictures there are not a lot of photos at this site. Most of the other images used are box and CD-ROM covers. But that's to be expected from an unfinished site. After all, pictures aren't usually hung in a new home until everything else is in place.

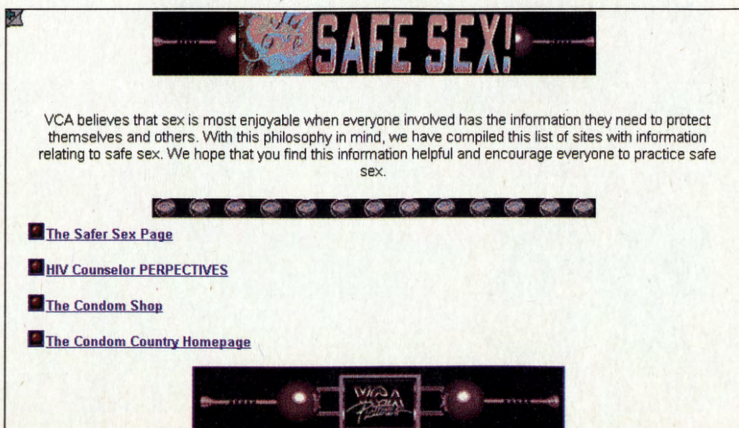

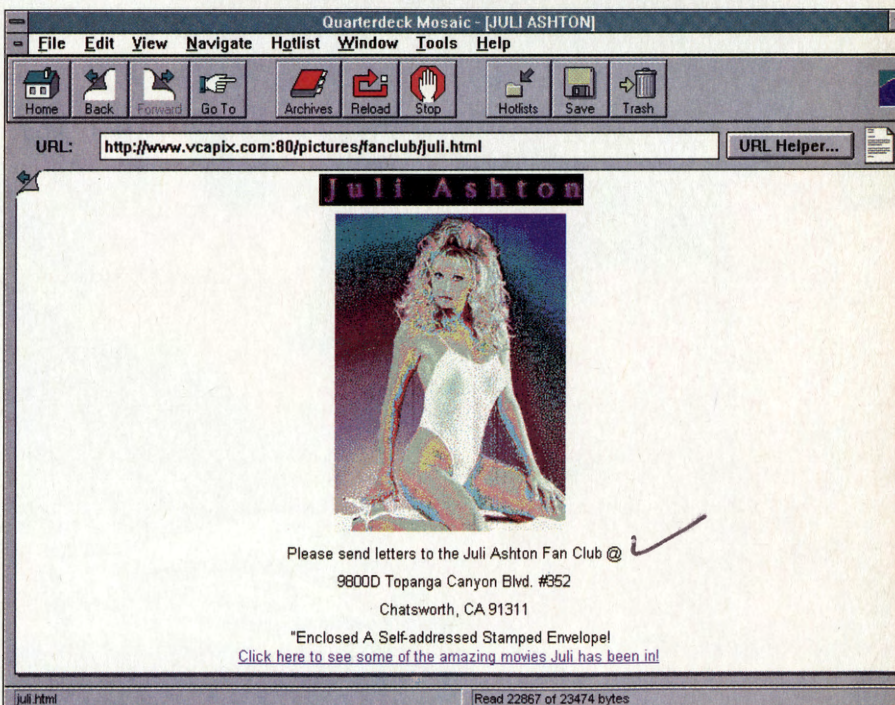

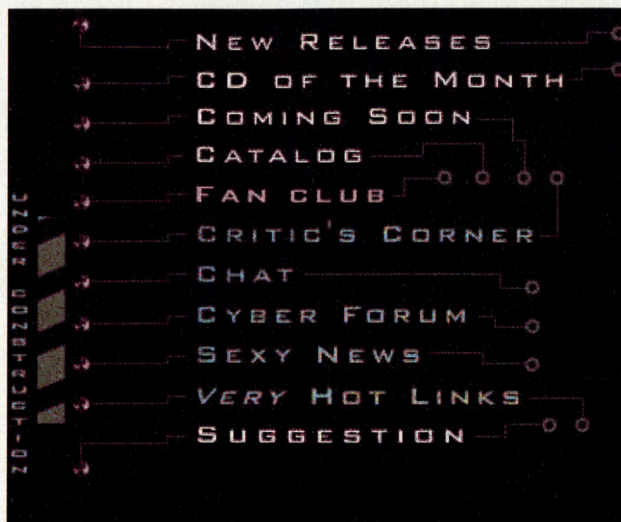

There are at least five sections waiting to be completed in the VCA Interactive area. They include a critic's corner, a chat room, a cyber forum, sexy news and links to other adult sites.

The VCA Pictures and HIS Video areas include the same sections as are on the same development course as VCA Interactive. The VCA Pictures area does have two unique sections, one vaguely titled "Politics" and the other called "Safe Sex."

The "Politics" section is still under construction but the "Safe Sex" section offers information on HIV and other more serious sexual topics. While it may not be the type of information most browsers want to site at an adult site, it does give a sense of responsibility not often associated with adult material. It's certainly an idea that other adult web sites should consider.

When it comes right down to it, VCA On-Line has a very spartan feel to it. There are few pictures and the information is very brief and to the point. Touring this site is very much like walking through an new house. There are walls and rooms, but the structure won't really have it's own personality until it's occupants are completely moved in and have finished decorating.

There is lots of work to be done here, but VCA has the right material, a solid foundation and seems to be moving in the right direction.

GALLERY

There are hundreds of photos available on the Internet and through Bulletin Board Systems, but how can surfers be sure what they are getting? This gallery of .gifs and other picture formats will give you a good idea about which graphic images are worth your time and where you can find them.

EDITOR'S NOTE: We know it's completely self-serving but we decided to start with our own BBS. If you would like adult pictures from your BBS posted in this section or if you have heard about sexy files but haven't been able to find them, let us know by sending a postcard to Adult PC Guide, 14411 Commerce Way, Suite 420, Miami Lakes, FL 33016. All photos must be licensed for use on the BBS.

**OUR CUPS
RUNNETH OVER:**
In case you are not familiar with Dugent's adult magazines, it publishes four men's titles. Gent is the Home of the D-Cup and features big breasted women such as dancers Jesse James (opposite page), Jaye Milo (right) and legends like Trinity Loren and Lotta Topp (below).

Whether you like your women busty, big, black or a slightly bent (kinky), the Dugent BBS (305-557-9761) may have something to offer you. Photos from all four of Dugent's adult publications can be found here and for \$20 a year viewers have unlimited access to all four magazine's material. This BBS has been around for less than six months, so there are still quite a few bugs being worked out, but there are months of material waiting to be downloaded.

BOUND TO PLEASE:
Nugget is a no-holds-barred fetish magazine that is unparalleled in its quality and quantity of material. This forum covers every fetish from S&M and B&D to foot worship and even more bizarre tastes that can't be discussed here. If it's the kinky you seek, you're bound to find it in this area.

BIG, BLACK & BEAUTIFUL: For those with larger appetites, the Dugent BBS offers a large menu of big women, which they refer to as plumpers. These photos are taken from magazine *Plumpers and Big Women* and offer a potpourri of pretty women who range in size from slightly pudgy to pachyderm-like proportions.

Finally, there is the Sugah area which focuses on beautiful black females. If black is where it's at for you then *Sugah* is where you need to be.

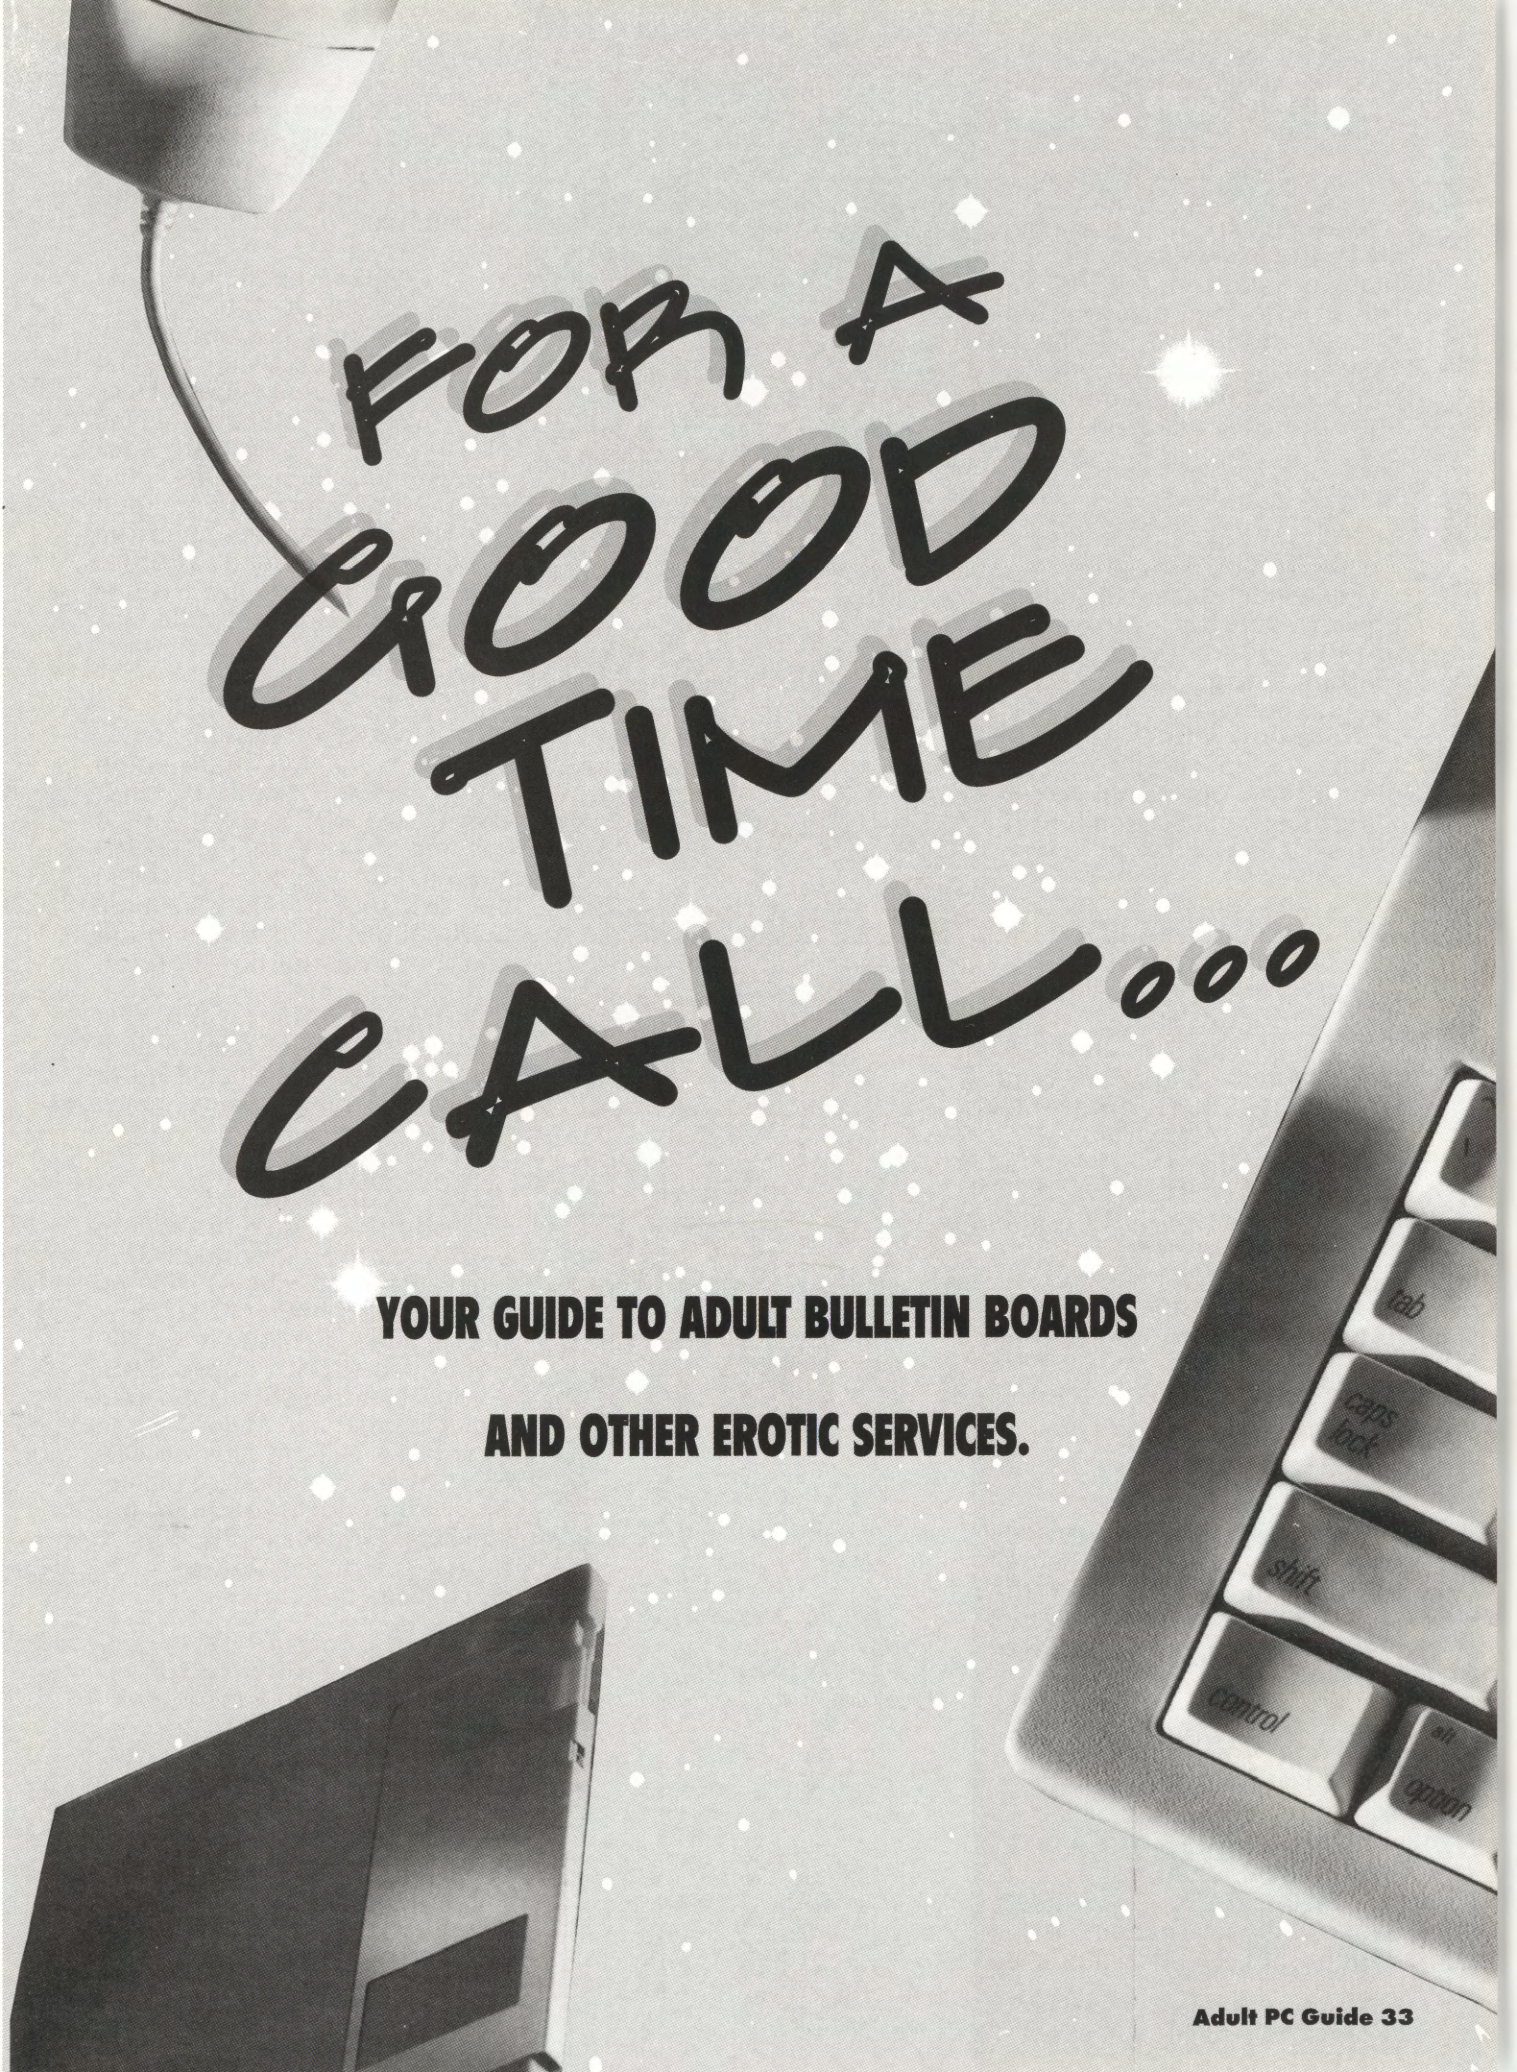

DOWNLOAD!

The files of Dugent Publishing Corp. magazines such as **PLUMPERS:** big women, **GENT:** big-busted women; **NUGGET:** fetish and kink, and **SUGAH:** black women, are now accessible via adult erotica BBS. Each offers featured models, adult merchandise, quality TIF's, scans and text files. Also: a complete on-line ordering system for back issues, subscriptions and videos.

TRACI I LOVE YOU Hybrid (Windows and MAC)

If you yearn for the days of old when Traci Lords was the undisputed queen of porn, then you will certainly enjoy this transformation of her 1987 Caballero video to CD-ROM.

Even if you don't yearn for those days, this CD-ROM is a novelty, not because Traci managed to become one of the few porn stars to actually break into mainstream Hollywood, but because this is the only X-rated Traci video that can legally be distributed.

In case you're only familiar with her work in John Waters films, Traci was a very active porn star from 1984-1986, making over 90 adult features. The only problem was that she was not of legal age when she made those videos. Traci I Love You has the distinction of being the only X-rated video that Traci Lords made as an adult, pending any miracle return to adult entertainment that is.

Traci I Love You is taken straight from the movie and is broken into seven segments for the CD-ROM audience. The plot centers around a series of erotic encounters arranged by a photographer obsessed with Traci. Everything culminates in the Arena of Pleasure, where the two consummate their passion for each other. The one drawback to the story is the narration. The narrator sounds like a mutation between Ricardo Montalban and Pepe LePew.

While the story may not be new, the video comes to life on CD-ROM. You have enough control over the video segments that you can pause and rewind effortlessly with no unwanted static bars. The color and sound on this disk are superb but the best part is the sex. If Traci had not already been a superstar of sex when she made this video, she probably would have been an overnight sensation after making this video.

The video clips are one smooth frame after another, but on slower machines the quality drops off considerably and becomes jerky. It's also important to note that on slower machines the level of picture digitization increases. Traci, is a breeze to load, and running it couldn't be easier. All you have to do is click on play, sit back and relax.

No matter what type of machine you use to play this disc, chances are very good that you'll love Traci's CD-ROM too.

John Wayne Bobbit Uncut PC, Mac and NEC

Boy meets girl, boy fools around on girl, girl wacks his manhood off with a very big knife. Sounds like a scene from a Brian De Palma film but it actually happened to John Wayne. So who better to play this part than the man who has his part reattached.

Don't be fooled though, while this adult CD-ROM may bear a striking resemblance to the real life story of J.W., the producers point out with a disclaimer on the inside of the CD-ROM cover that "This film is a work of fiction. The characters names, incidents, places and dialogue are the products of the authors imagination and the fantasies of John Wayne Bobbit." What they really mean to say is that "we don't want Lorena Bobbit to sue us."

Either way, most people don't care about the story anyway. The real reason this video became one of the best selling in recent memory is the "freak factor." Whether it be the two-headed cows at Ripley's or a man who had his dick reattached, people love to see the anatomically challenged.

As far as the video quality is concerned, Leisure Time delivers a very smooth product. You will rarely find better quality computer video than in this CD-ROM. John Wayne may have a bent dick for the rest of his life but there are no flaws about the production qualities of this package.

Tokyo Glamour Girls Hybrid

This CD-ROM just goes to show that you shouldn't judge a culture by it cuisine.

What does that have to do with CD-ROM's? Well, the knock on Japanese fare has long been that they don't give you enough food and that not long after you've eaten, you're hungry again.

With that in mind, some Asian chefs may want to take a few tips from the folks at A6 on how to satisfy that big American appetite, sexual or otherwise.

This CD-ROM is chalk full of beautiful Asian women, 18 in all, and the presentation rivals any show you will see at Benihana's. The menu is easy to use and allows for more precision handling than a man juggling Ginzu knives.

Another great thing about this disk is that it comes BBS ready with registration. So if you want to give your BBS a foreign flare then this may be the CD-ROM for you.

While the images of Tokyo Glamour Girls are some of the best you'll see on CD-ROM and the women are the essence of Oriental beauty, there is one small cultural drawback. Like a lot of other Asian imports, this CD-ROM is R-rated.

Whether you love Oriental dishes or you just want to add something different to your viewing menu, this title will not leave you wanting for more, unless, of course, you happen to want hardcore.

Dirty Tricks Hybrid

This new release from Bacchus is supposed to be a futuristic cyber action adventure, but current events in government and the high-tech 3-D navigation graphics give this interactive game an eerily realistic feel.

You are the best computer hacker ever to break a password and you have been given the opportunity to earn a pardon for your past transgressions. All you have to do is help the "Boss" gather information on high-ranking members of an organization known as the "Coalition for a Decent Society," an ultra-conservative political party threatening to take control of the government.

While there are no characters named Newt or Jesse in this CD-ROM, there are plenty of other slippery politicians who may not be practicing what they preach. If you can dodge the security system of the Secura Corp. building and get the incriminating photos and video of these supposedly puerile politicians, you will be rewarded in credits that can be used in the Pleasure Zone.

The animation, 3D rendering and graphics are some of the best you'll see in adult CD-ROMs. This is truly an interactive game and strikes a good balance between game-play and adult material. The game can be a bit difficult to grasp at first, but if you read all of the debriefing files carefully, you should have a lot of fun trying to catch these conservatives with their pants down.

Dirty Tricks will show you how the politically correct really stump on the campaign trail and is sure to win your vote as one of the best interactive adult games on the market.

Virtual Sex Hybrid (MAC and PC)

Are you a guy who finds it easy to score with any virtual Valerie you come across on CD-ROM? If so, VCA may have the ultimate challenge for you.

Virtual Sex is designed to let you hone your romantic techniques by giving you three beautiful women to seduce. It sounds simple, but this erotic game involves just as much cunning and strategy as it does eroticism. If you consider yourself a computer Casanova, you may wind up feeling like a self-conscious Cyrano after a few passes at these cold-hearted cuties.

These women are temperamental (talk about virtual reality) and can be frustrating at times. You will find yourself wondering aloud as to what kind of mood the stewardess is in or if the cheerleader is really as kinky as she seems. These women are as complex as any real life lovelies you'll encounter and can be just as challenging. The key difference here is that even if you do strike out with these virtual vixens, you always get another shot.

The graphics on this frustrating frolic are top notch. You couldn't ask for more seamless play. In short this disk is a must. The only reason you may not want to add Virtual Sex to your collection is if you can't stand even the slightest rejection. Even so, Virtual Sex could help you overcome that problem with enough play.

Even though the ending of the game is a bit anti-climatic, you'll have a lot of fun finding that out. This is a great game. So good in fact, that even if you get turned down you'll probably keep turning Virtual Sex back on. If you are addicted to the thrill of the hunt then you'll want to load this game and take your best shot.

Penetration **PC/Windows**

What better way to improve your mental staying power than by practicing the game of concentration using nude women.

Just like the classic game, the idea is to match two identical cards to expose part of a sexy picture. Make the match and you are not only rewarded with more of the main puzzle, but you also get an extra bonus nude photo. If you expose enough of the picture then you get to see a video clip featuring the model in the puzzle.

Don't worry, the game isn't difficult and the photos and video clips are certainly worth the minimal effort you'll put into finding a match.

The only drawback to this CD is that there is a loading screen that appears every time you get to see a photo or video clip. If you're good enough you good spend more time look at the loading screen than actually playing the game.

Technically, this CD is well put together. The video is all original material shot for this title and the pictures are quality material as well. The motion of the clips is seamless and the sound is the clear.

Penetration won't put a strain on your mental capacity or your computer, but it could test your endurance for beautiful women.

Deep Throat Girls **Hybrid (PC and MAC)**

From the second you complete the easy installation process, this title is all lipstick stains and sucking sounds.

There are ten lovely ladies who want to share their oral sensations with you. Each of these women demonstrate their own brand of blow job and bring their partners to an enjoyable eruption right before your eyes. Aside from the fellatio motif, each scene also offers a mild fetish theme as well. There is anal penetration, high heels and lingerie, and an interracial, outdoor fellatio folly. These Deep Throat Girls seem to enjoy their work, especially Nicole London. Her Earth-shattering performance will leave you breathless and in need. Kimberly Kupps also puts her heart and lips into her performance, delivering a particularly saucy scene.

The full motion video is a little grainy in some areas but very watchable. You have your choice of watching live action or screening still shots. However, don't waste your time with the still shots. This section is very inconsistent and is full of glitches which make operation difficult at best. Stick to the live action video clips and you won't be disappointed.

Deep Throat Girls is just like one of those women who suck but won't swallow. You'll have a good time but you may be left high and dry by the lack of originality and effort that went into the production of this CD-ROM.

Penthouse Interactive Virtual Photo Shoot Vol. 3 Hybrid (PC and MAC)

Sexy, nude photographs make the world go around, at least for a lot Penthouse magazine readers. But how many times have you felt as though the world famous Penthouse shuttebugs missed the essence of a certain model or didn't show off her best assets and thought if only you'd been given the assignment?

This series of virtual photo shoots gives you that opportunity and doesn't settle for anything less than Penthouse photographic perfection. There are three models on each CD from which to choose. Volume 3 includes Jami Dion, Sam Phillips and the very hot Janine Lindemulder.

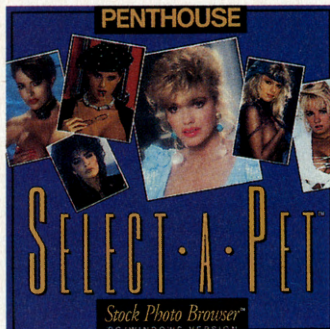

Penthouse believes in giving its photographers a lot of creative leeway so you will have control over just as many variables as they do. You can change each woman's wardrobe as well as how much of it she takes off and when!

Be careful though, if you get too caught up in watching the 90 minutes of video clips and don't do your job, then you may make the model impatient or even incur the witty wrath of Bob Guccione himself. Don't worry though, even Bob can't fire you on this shoot!

Once you're done with the photo shoot it's time to go into the dark room and expose your work (the pictures, that is!). If you realize that you've missed a shot or you want to add more shots of a particular pose, just go back to the studio and start shooting until you get what you want. With just right sizzling shots and a good slide show presentation, you may even win the praise of Mr. G himself.

The control panel of Virtual Photo Shoot is small and can be hard to read at times, but it is very easy to use and offers very good control. The images of Janine, Jami and Sam are everything you would expect from the folks at Penthouse. The original music does a great job of setting the right mood for each shoot and the models are true pros.

If you buy this CD-ROM expecting to see Penthouse's trademark pink shots or multiple partner material then you will be very disappointed. What you will get is the opportunity to photograph some of the hottest models in the men's magazine business. Isn't that enough?

Penthouse Select-A-Pet Vol. 1 PC/Windows

The shots of Penthouse pink that you won't find in the Virtual Photo Shoot series (see review above) are plentiful in this photo potporri of pretty Pets.

There are dozens of models to choose from and literally hundreds of different photos. There is not a lot of work to obtaining these sizzling snapshots either. Just browse through the library and click on the green indicator light of the picture you want and add it to your slide show. When you have selected the photos you want to see just click the "start slide show" and enjoy. The photos will automatically scroll and run in a continuous loop until you decide to save or change the show.

If you prefer your Penthouse Pets with a certain physical feature or in a specific pose you can even limit your picture selection to just those categories. Select-A-Pet allows you to limited your search of Pets to hair color (blonde, red, brown, black), body type (small, medium, large) as well as poses (mild, medium, spice and hot). Don't get excited by that large body category, there are no plumpers here, just tall temptresses.

Other options available are seven different musical tracks, three different photo dissolves and a timer that lets you set the duration of viewing.

All of the photos are Penthouse perfect in quality. The controls, although a bit hard to pick up without reading the directions, are very responsive and easy to handle. One hint, use the help button on the waterfall menu to help you figure out the wide range of possibilities this CD offers.

Penthouse's Select-A-Pet is one photo album that will always be a joy to look through.

STROKE YOUR PETS: Penthouse Interactive brings you two new ways to experience their beautiful Pets. You can hold your own photo shoot with three different models in Virtual Photo Shoot or you can pick your favorite fleshy photos from a fabulous library in Select-A-Pet. The main menu in Select-A-Pet (shown below) allows the user to not only scan through pictures but narrow the search based on hair color, body types and poses.

Dungeon of Dominance

Windows

Whether you are shopping for a meaner mistress or just curious about the world of S&M and B&D, this CD-ROM will definitely give you a taste of the whip.

Mistress Jacqueline, one of the "world's foremost Dominatrix's" (her words, not ours), gives you a peak at her painful world. She has a fully stocked dungeon and lots of experience, if her photos are any indication.

Everything from the mild to wild can be found in Mistress Jacqueline's domain. There are crossdressers, dominant females, biker bitches, rubberists, spankers and much more. There is also a section of photos that will give the term "hot wax" a whole new meaning to some of the more naive viewers. If it's a fetish and it's legal, you'll probably find it on this CD-ROM. What you will not find among the many photos and video clips is any hardcore action. Even the Mistress has line she will not cross on CD-ROM.

Dungeon of Dominance is set up like a "how to" manual for beginners in that it shows the viewer an instrument of discipline and then gives a few examples of its uses via video. If you want a little mood music to go with your sexy S&M session then you can change the soundtrack with the jukebox option provide. But bring some crackers because it can be pretty chessey.

What isn't chessey is the information you get from the Mistress. There is a phonebook and a photo album of other dominant beauties right at your finger tips, provide you can move them.

The menu that drives this program is exceptional and for a B&D title you have a lot of access to move around. The video quality is good, but slightly on the grainy side.

Dungeon of Dominance won't show all of the ropes, but it will give you a sample of the kinds of material you'll find in the world of S&M. Submit to trying this title and you won't regret it.

BACK DOOR MISTRESS

Windows

While Back Door Mistress has about as much to do with dominant females as Richard Simmons, it does live up to the first part of its name and delivers some of the hottest anal action around.

There are eight scenes from which to choose, featuring eight different actresses who love to be taken from behind. The stars of this anal adventure are Tiffany Million, Jordan Lee, Dallas, Barbara Doll, Anna Malle, Tiffany Mynx and Kaitlyn Ashley.

This Windows based program has the standard easy-to-follow setup and running process and in less than a minute you'll be up to your ass in hardcore anal scenes. The video control offered in Back Door Mistress is top of the line. The controls allow you to create video loops of your favorite part, play in slow motion forward and backward, plus provides all of the other usual VCR-like functions.

The problem with this title is that to often the video itself lacks quality. The color and sound are poor and the level of digitization in the video clips is very high.

For ass men, this CD-ROM is straight up your alley. However, the video can be a real pain in the ass and the fetish theme is left behind after the first scene.

No buts about it, Back Door Mistress is an average CD-ROM.

YOU'LL FIND IT HARD TO RESTRAIN YOURSELF:
If you are shopping for a new mistress or just want some basic information on B&D and S&M, you may want to submit your CD-ROM drive to *Dungeons of Dominance*. Mistress Jacqueline will be glad to whip you into shape!

Jiggly Queens

JIGGLY QUEENS TWO Hybrid (PC and MAC)

Hmmm. Can you guess the subject matter of this grown-up compu-film? Well, if you guessed big busted porn starlets riding penis ponies then you're not as much of a greenhorn as the makers of this CD-ROM thought you were.

True to its name, Jiggly Queens has more melons than a mid-western farm in the spring time. The stars of this CD-ROM are Kia, Krista, Eva Flowers, Annabell Dayne, Brooke Waters, Marc Walice, Barbara Wood, John Dough and Peter North.

But even with some of the more well-known gun slingers shooting their wads, this CD-ROM draws a blank. This is a complete throw-back to the cheeseball porn that came out in the mid '80s. The "acting" is atrocious, even by adult entertainment standards, and the scenes drag on at a snail's pace. Jiggly Queens makes a feeble attempt to put together a story line but even that falls flat.

You can choose which block of video to watch by clicking on it. The blocks are a collage of sexy scenes implying that the video that they control is similar. It's not! The scenes will break in the middle of a good encounter and you have to go to the next video clip to see the money shot.

No, this disk is not wholly without merit. It does have a few beautiful women that make it worth sitting through, once! But even with that you should know that the video is grainy and generally below the norm.

Just like a lot of melons you'll see, this CD-ROM appears to be very juicy from a distance. You won't know for sure until you see it up close. We can tell you that this particular piece is not ready for picking! Pass on it.

Strap On Sally 2: Ariana Bottoms Out Hybrid (PC and MAC)

Strap on your seatbelt, or any other object of your desire, and hang on. This "all girl, all anal" CD-ROM may give Newt Gingrich nightmares, but his lesbian sister just might give it two thumbs up!

If you thought you'd seen it all, you had better take a look at this. Strap On Sally and her curvaceous cohorts are up to their old tricks. In this installment, their antics range from the ridiculous to the sublime. On the ridiculous end there is the women who moans when her rubber phallus is sucked off by a machine. That's acting! On the other end of the strap-on spectrum is a scene featuring seven of the most gorgeous women of porn appearing in a tub filled with oil and toys. That's mind numbing!

No matter your sex, you will probably find something to titillate your fancy on this CD. Before you rush out though, there are a few things you should know about the production values. A lot of the video clips are on the snowy side. The colors are good but the clarity of the picture is fuzzy in places, especially if you opt for a large screen. Stick with the small one and you'll enjoy this CD more. Also, after each clip starts you have very little control over the action. You can't even rewind! If you like a particular part of the video you have to start over and the fast forward button isn't that responsive.

Though this disk has a couple of handling problems and is a little below standard adult quality, it still delivers a big adult punch. The scenes flow smoothly and you can not match the intensity of the action found in Strap On Sally 2.

Just as if you were wearing a fake penis, this CD-ROM will provide hours of sexual satisfaction but it doesn't handle as well as the real thing in certain areas.

BOTTOMING OUT: We can't show you all of this picture but it doesn't take a rocket scientist to figure out that a battery-operated device traveling at the speed of hand will bring one of these beauties to orgasm in *Strap On Sally 2: Arianna Bottoms Out*.

Luscious Ladies In Lingerie
PC/Windows

Believe it or not there are a lot of men out there who would rather see beautiful women dressed in sexy lingerie than wearing nothing at all. And after you see this collection of Luscious Ladies In Lingerie you'll understand why.

There is every kind of beautiful woman in just about every kind of sexy lingerie included in the over 50 photos found on this CD-ROM. The photos are divided into five different studios, each containing a set of twelve different pictures. Included in each studio is one model who will even let you select her outfit and then show it off in a video clip.

The pictures are very good and quite large. The video clips are high-resolution and very smooth. About the only technical issue is a somewhat fuzzy soundtrack, but that won't detract from your enjoyment.

This CD-ROM is not as revealing as some other titles on the market that give you nudity, but these women will definitely make you think twice the next time you see a Victoria's Secret catalog!

Celebrity Nudes

All celebrities have a few skeleton's in their closet; some project or picture they probably wish they had never done.

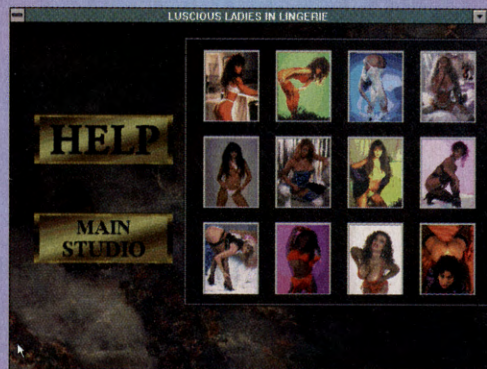

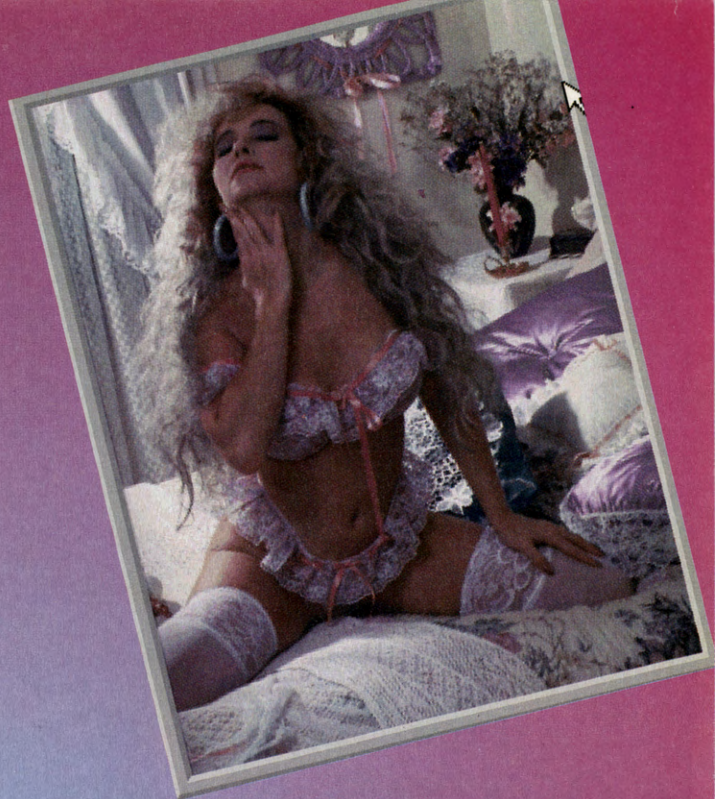

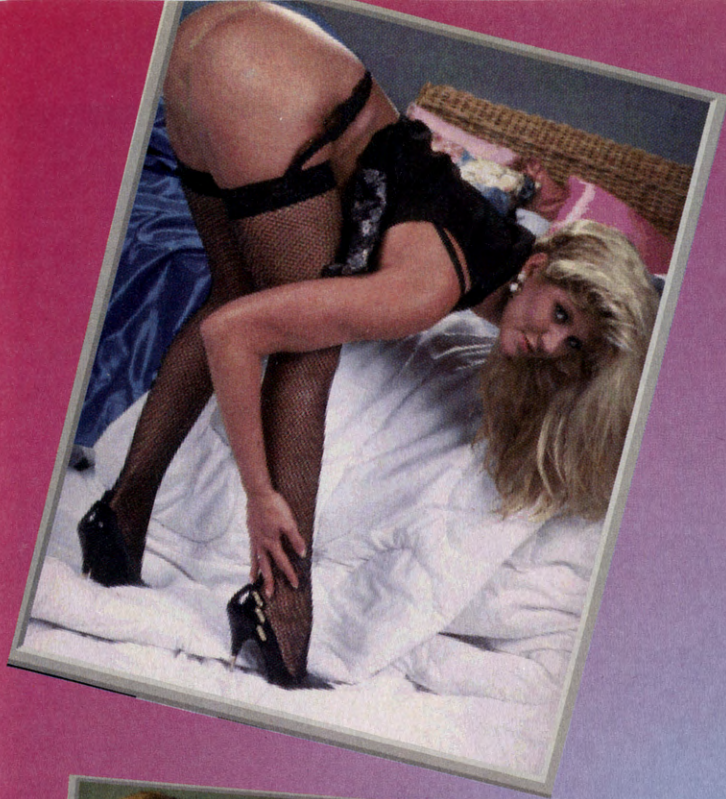

For some female stars, their skeletons might include a nude shot or two that they did in their early days as a model or a nude scene in a B-movie that will live forever in infamy.

Celebrity Nudes is a collection of such shining moments for women who have gone on to become well-known in Hollywood. This collections of photos includes Goldie Hawn, Michelle Pfeiffer, Joan Collins, Melanie Griffith, Victoria Griffith and many more.

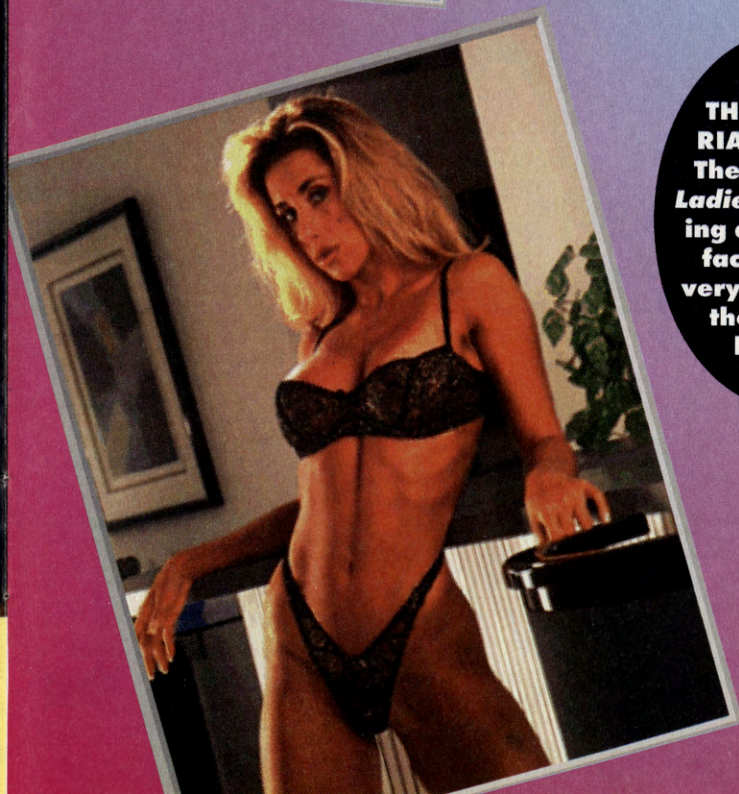

If you are looking for new celebrity nudes you will be disappointed with the material contained on this disk. These are the same photos that have been recirculated for the last several years in a magazine by the same name.

The pictures are adequate graphically and there is no installation. The reason there is no installation is because basically you bring up the menu and just start loading the images. Another downfall of this CD is the fact that all of the pictures are listed on the menu using the same slug, but with a different number, so finding your fave star is strictly a hit and miss proposition.

Granted the prospect of see major celebrities in their birthday suits is quite titillating, but when the material is outdated and the program's format makes access like looking for a needle in a box full of pins. Get the point?

RIA'S SECRET:**

Ladies* aren't hid-

their love of

Although they do not contain hard-core material or even nudity, there are some mainstream CD-ROMs that do have a sexy element about them. They may not be adult entertainment but these titles do have...

SEX APPEAL

It's only fitting that we kick off this new section with a CD about Marilyn Monroe. After all she was perhaps one of the sexiest women ever to appear in front of a camera without taking off her clothes.

But before you jump into this slick multimedia presentation about the ultimate blonde, it's important to point out that while this title is about Marilyn Monroe, it is told through biographical material about photographer Bruno Bernard and his experiences with Marilyn. The material on the CD is excerpted from Susan Bernard's book about her father.

Bruno Bernard is the man credited with discovering Marilyn Monroe and this CD-ROM takes you through their professional relationship from the time Norma Jean Baker walks into his Hollywood studio in 1946. This CD-ROM is full of audio and video clips which give you lots of insight into the instability of Marilyn's life and career.

This CD is divided into eight sections, with five of the eight representing a different period in Marilyn's life after she met Bruno. The five biographical sections run chronologically and start with Norma Jean (1946-48) and end with a section called Renaissance (1955-62), which leads up to Marilyn's death.

The first five segments of this CD are laid out like chapters of a book and contain audio clips created from Bernard's personal journal. There are also timeline icons scattered throughout the text so that the viewer can get an idea of how Marilyn's movie career paralleled the events of her life.

Along with some very interesting reading, there are large color and black and white photos on almost every other page. These photos, from the files of

Bernard of Hollywood, do an equally good job of illustrating the many transitions of Marilyn's life.

The other three sections of this CD-ROM include a dedication to Bruno Bernard, Marilyn's Legacy and section of 12 video clips. The video clips are some of the more well-known moments of Marilyn's life, but are still very interesting to see. They include her first screen test, her singing of Happy Birthday to President Kennedy and the newsreel that ran when she died.

The production values of Bernard of Hollywood's Marilyn are impeccable. Most of the video is black and white of course, but it seems as clear as the day it was taken. The soundtrack is a combination of big band and slow instrumentals from the period of Marilyn's life and fits this story perfectly.

About the only strike against this CD is the fact that it shies away from the controversy which surrounded the superstar's death. There is a segment in the "Portrait of My Dad" chapter in which Bruno Bernard has the opportunity to ask Robert Kennedy about his brother John's relationship with Marilyn. But it never develops because Bernard winds up talking about how personable Robert was and how he just gave him a photo of Marilyn. However, it's understandable that the man who discovered Marilyn Monroe would not want to tarnish her image.

All in all, this CD-ROM may be a bit tinted in its look at one of Hollywood's legends, but even so, the viewer still gets a fairly clear picture of how Marilyn saw the world and how the world saw Marilyn.

Sun Screens won't keep you from getting burned, but they will save your monitor from exposure and introduce you to some terrific women who are toned, tanned and tucked into tiny bikinis.

you long for the summer months and going to the beach so you can watch all of the beautiful bikini-clad beach bunnies bathe themselves in coconut butter, then you may want to check out Sun Screens (\$10, Late Nite Software).

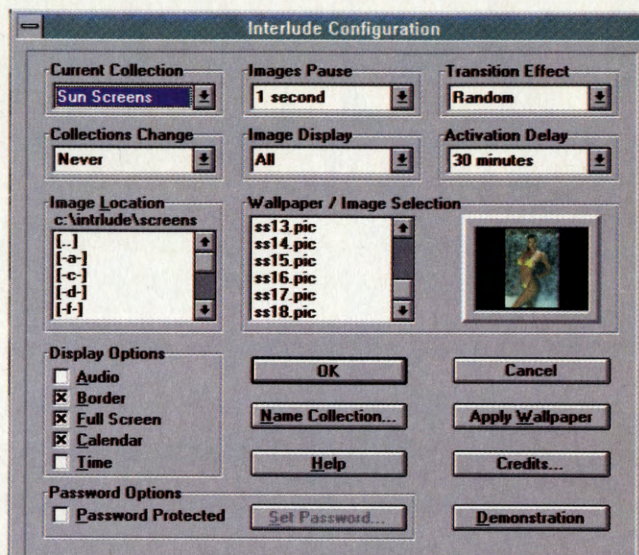

While it may not be as fun as a nude beach, this completely tame yet very sexy screen saver/calendar will give you a glimpse at some gorgeous women of summer. Sun Screens includes 18 photos of five different models. The models, Beckie, Brooke, Cindy (No, not Crawford), Michelle, Seana and Tiffany, are everything you would expect to see on a sunny Malibu beach.

The pictures on this 3.5" disk are of the same quality that you'd expect to see in some major men's magazines. They are large, very colorful and always clear and crisp. There is almost no digitization in any of the photos and all of the settings are very bright and colorful.

Each photo appears against a black background with a small month-at-a-glance calendar. The time of day, along with the correct month and date are listed above a small

month-at-a-glance calendar. The correct date is also highlighted within the month.

This is a pretty simple screen saver that provides a lot of the basic options as other screen savers. Sun Screens allows the user to utilize all 18 photos of the models in random order or completely customize the screen saver to only use favorite models and poses. The user can also add or delete several display options, including audio. With the

audio option activated, the sound of a camera taking a picture is heard as the picture is completed on the screen.

There are also six transitions effects that change the way each photo is introduced. You can have it crushed horizontally or vertically, as well as have it implode and explode.

If you find a photo that you can't live without, you can turn it into wallpaper with the click of a button.

While this screen saver may not have the image library of a Sports Illustrated or Playboy screen saver, it does have the same type of quality in its pictures and programming.

Sun Screens is easy to install and easy to operate. It will keep your monitor in motion and will help you keep California Dreamin' about those sexy west coast girls. Go for it dude!
